Seniors Meals on Wheels

Congregate Nutrition

This program provides a delicious catered meal that assures 1/3 of the daily recommended dietary allowances. Our meals are at noon Monday through Friday. We have three nutrition sites in Bertie County: Windsor, Aulander, and Colerain. These sites are open from 9:30 a.m. - 1:00 p.m. for those 60 and older. A nutrition site manager is present to coordinate activities and

distribute meals. Recreation, educational programs and “time to chat” are available for the patrons to enjoy. Each senior is asked to contribute \$1.00 towards the cost of the meal.

Home Delivered Meals

Home delivered meals, better known as “Meals on Wheels”, is similar to congregate nutrition, in that it is a well-balanced, catered meal that is delivered to home bound Seniors, aged 60 and older, Monday-Friday. Home Delivered Meals provide a brief visit by a volunteer along with a daily meal. Currently we have two routes within the county. One is located in Windsor and one in Aulander. Colerain has Home Delivered Meals, but family members or caregivers pick up the meals at the nutrition site for the home bound persons. A \$1.00 contribution is asked of each recipient

For more information on these Senior Citizens opportunities please call your local Council on Aging at 252-794-5315.

Commodity Supplemental Food Program (CSFP)

The Commodity Supplemental Food Program (CSFP) serves about 595,000 low-income people each month, and is the only USDA nutrition program that provides monthly food assistance solely targeted at low-income seniors. The program is designed to meet the unique nutritional needs of participants by supplementing diets with a monthly package of healthy, nutritious USDA commodities. With one in 12 households with seniors at risk of hunger nationwide, CSFP prevents vulnerable seniors from having to choose between food and other basic needs.

CSFP is a discretionary program funded each year through the federal appropriations process so the program may only serve as many eligible participants as funding allows. CSFP provides USDA commodities and administrative funds to States, which in turn store and transport the food to local agencies for distribution to low-income clients.

While most participants either pick up their monthly CSFP food package at a food bank or other local sponsor or have a designee who is authorized to pick up their food package pick it up for them, some communities deliver the food package directly to the participant’s home, an important program feature for seniors with limited mobility.

Food Bank of the Albemarle is currently delivering a total of 2,880 CSFP boxes monthly in Bertie County.

Contact CSFP Manager Dawn Blowe at 252-312-6213 for more information.

For more information you can visit the CSFP web site at <http://www.fns.usda.gov/fdd/programs/csfp/>

Twice a month the location pick up for these meals is the Bertie COA gym and once a month at Lewiston Fire Department

School Backpack Program

On days when school is in session, children have access to the free and reduced food programs provided by the school system. However, on weekends food for these same children may be scarce. To help fill this void, the Food Bank has established relationships with numerous agencies across northeast North Carolina to provide hungry children with much needed, nutritious food items for the weekends. Through the Backpack Program, at the end of the week these children are provided with a bag containing two breakfasts, two lunches and two snacks to ensure they have access to healthy foods over the weekend. This program has been proven to help the children return to school nourished and ready to learn.
