- I. At said public hearing, the Bertie County Commissioners shall consider the input of all who appear to speak in favor or opposition of said naming or renaming of a road.

echho EAST CAROLINA BEHAVIORAL HEALTH

February 19, 20

Scott Sauer, County Manager Bertie County P.O. Box 530 Windsor, NC 27983

Dear Scott Sauer:

The Boards of Coastal Care, serving Brunswick, Carteret, New Hanover, Onslow and Pender Counties, and East Carolina Behavioral Health, serving Beaufort, Bertie, Camden, Chowan, Craven, Currituck, Dare, Gates, Hertford, Hyde, Jones, Martin, Northampton, Pamlico, Pasquotank, Perquimans, Pitt, Tyrrell, and Washington Counties, have entered into an agreement to consolidate our agencies. This consolidation, which will be effective July 1, 2015, is in line with the Medicaid Reform Plan developed by the NC Department of Health and Human Services and endorsed by Governor Pat McCrory. We believe that this consolidation will create an even stronger organization than we are currently as separate agencies and will position us to provide even better services to individuals in our twenty-four counties who need mental health, developmental disability and substance abuse services.

We recognize that as many positive aspects as we believe there are for the consolidation, there may be some concern that a larger agency will be less responsive to the needs of individual communities and to other partner agencies, such as county Departments of Social Services, Sheriff's Departments, etc. To address these concerns, we are planning to create three regions within the consolidated entity. The regions have been designed to balance, to the extent possible, the number of counties, total population and geography covered in each region. The largest region will include ten counties and the smallest will serve six. Each region will have a Regional Director and a Regional Advisory Board. We are proposing that the members of the Regional Advisory Boards be appointed by the Boards of County Commissioners of the counties served by the region.

The new organization will require the creation of a new Area Board. NC law permits Area Authorities with populations greater than 1,250,000 to design and appoint members to the Area Board in a manner different from that detailed in statute, with the approval of the Secretary of the Department of Health and Human Services (DHHS) and the constituent counties. We are proposing that the Area Board be comprised of members of the Regional Advisory Boards, appointed by the Regional Advisory Boards. This alternative governance structure has already received the required approval from the Secretary of DHHS. We are now seeking approval from the twenty-four county Boards of County Commissioners.

We have attached a PowerPoint slide deck that explains this proposal in greater detail. Also attached is draft Resolution we would request be adopted by your Board of Commissioners. We are requesting your feedback on this resolution and will be contacting the Clerk to your Board to

schedule a time when we may present this proposal to your Board. We would also appreciate your input on the best way to make that presentation – should we use the PowerPoint or not, and what other information might your Board wish to have in order to approve the resolution.

Thank you for your consideration of this matter. Please do not hesitate to contact us if you have any questions.

Sincerely,

Resolution of Support for an Alternative Governance Structure for the Area Authority serving Bertie County

WHEREAS, in accordance with N. C. General Statute § 122C – 115 (c1), the Area Board of CoastalCare, an Area Authority serving Brunswick, Carteret, New Hanover, Onslow and Pender Counties and the Area Board of East Carolina Behavioral Health, an Area Authority serving Beaufort, Bertie, Camden, Chowan, Craven, Currituck, Darc, Gates, Hertford, Hyde, Jones, Martin, Northampton, Pamlico, Pasquotank, Perquimans, Pitt, Tyrrell, and Washington Counties, have entered into an agreement to consolidate their agencies into a twenty-four county Area Authority serving all previously names counties; and

WHEREAS, the Secretary of the N. C. Department of Health and Human Services has approved this consolidation, as required by law; and

WHEREAS, N. C. General Statute § 122C – 118.1, which specifies the composition of an Area Authority Board, permits an alternative Area Board structure to be implemented 1) if the total population of the Area Authority catchment area exceeds 1,250,000 and 2) if the counties which comprise the Area Authority agree by resolution to an alternative structure; and

WHEREAS, the total population of the new Area Authority created by the consolidation of CoastalCare and East Carolina Behavioral Health is 1,260,778; and

WHEREAS, it is in the best interest of the residents of the twenty-four counties to approve an alternative governance structure for the consolidated Area Authority;

NOW, THEREFORE, BE IT RESOLVED, that we, the Bertie County Board of Commissioners, do hereby approve the structure of the Area Board and the Regional Advisory Boards of the consolidated Area Authority, as outlined below.

To provide a local presence in the counties served and to assure that each county has input into the services received by its residents, the twenty-four county catchment area will have three regions. The regions have been designed to equalize, to the extent possible, the number of counties, population in the region, and overall square mileage of the regions. The three regions and the counties served are:

Northern Region: Bertie, Camden, Chowan, Currituck, Gates, Hertford, Martin, Northampton, Pasquotank and Perquimans Counties.

Central Region: Beaufort, Craven, Dare, Hyde, Pamlico, Pitt, Tyrell and Washington Counties.

Southern Region: Brunswick, Carteret, Jones, New Hanover, Onslow and Pender Counties.

The counties in each region will appoint two members to the Regional Advisory Board: one county commissioner or designee and another individual who meets the requirements outlined in N. C. G. S. § 122C – 118.1 (b). In addition, the Regional Advisory Board will include the Chair

or designee of the regional Consumer and Family Advisory Committee. County Commissioner members of the Regional Advisory Boards may serve for as long as they are a commissioner. Other members of the Regional Advisory Board may serve for up to three, three year consecutive terms.

The primary functions of the Regional Advisory Board will be to advise the Area Authority Chief Executive Officer on the evaluation and hiring of a Regional Director; recommending priorities for expenditure of state and county funds for development of the annual budget; determining local priorities for inclusion in the overall strategic plan; identifying community needs and concerns; monitoring resolution of issues; and monitoring performance at the local level, including access to care, expenditure of service funds, number of consumers served, services delivered, provider network size and composition, outcomes, and consumer satisfaction.

Each Regional Advisory Board will establish its own bylaws based on local needs, but in compliance with standardized requirements established by the Governing Board for quorums, frequency of meetings, elections of officers, duties of members, committees and committee appointments, and attendance standards. Such bylaws are subject to the approval of the Governing Board.

Scott Sauer, County Manager Bertie County P.O. Box 530 Windsor, NC 27983

Dear Scott Sauer:

The Boards of Coastal Care, serving Brunswick, Carteret, New Hanover, Onslow and Pender Counties, and East Carolina Behavioral Health, serving Beaufort, Bertie, Camden, Chowan, Craven, Currituck, Dare, Gates, Hertford, Hyde, Jones, Martin, Northampton, Pamlico, Pasquotank, Perquimans, Pitt, Tyrrell, and Washington Counties, have entered into an agreement to consolidate our agencies. This consolidation, which will be effective July 1, 2015, is in line with the Medicaid Reform Plan developed by the NC Department of Health and Human Services and endorsed by Governor Pat McCrory. We believe that this consolidation will create an even stronger organization than we are currently as separate agencies and will position us to provide even better services to individuals in our twenty-four counties who need mental health, developmental disability and substance abuse services.

We recognize that as many positive aspects as we believe there are for the consolidation, there may be some concern that a larger agency will be less responsive to the needs of individual communities and to other partner agencies, such as county Departments of Social Services, Sheriff's Departments, etc. To address these concerns, we are planning to create three regions within the consolidated entity. The regions have been designed to balance, to the extent possible, the number of counties, total population and geography covered in each region. The largest region will include ten counties and the smallest will serve six. Each region will have a Regional Director and a Regional Advisory Board. We are proposing that the members of the Regional Advisory Boards be appointed by the Boards of County Commissioners of the counties served by the region.

The new organization will require the creation of a new Area Board. NC law permits Area Authorities with populations greater than 1,250,000 to design and appoint members to the Area Board in a manner different from that detailed in statute, with the approval of the Secretary of the Department of Health and Human Services (DHHS) and the constituent counties. We are proposing that the Area Board be comprised of members of the Regional Advisory Boards, appointed by the Regional Advisory Boards. This alternative governance structure has already received the required approval from the Secretary of DHHS. We are now seeking approval from the twenty-four county Boards of County Commissioners.

We have attached a PowerPoint slide deck that explains this proposal in greater detail. Also attached is draft Resolution we would request be adopted by your Board of Commissioners. We are requesting your feedback on this resolution and will be contacting the Clerk to your Board to

schedule a time when we may present this proposal to your Board. We would also appreciate your input on the best way to make that presentation – should we use the PowerPoint or not, and what other information might your Board wish to have in order to approve the resolution.

Thank you for your consideration of this matter. Please do not hesitate to contact us if you have any questions.

Sincerely,

Such bylaws are subject to the approval of the Governing Board.

Each Regional Advisory Board will select four (4) members to serve as the Area Authority Governing Board: one county commissioner, the Consumer and Family Advisory Committee chair or designee, and two other members. RECITALS

Segal is in the business of providing discovery services to counties, municipalities, and other local government instrumentalities to identify property owners and unlisted property that may be subject to tax as authorized by the North Carolina General Statutes.

County desires to engage Segal to provide such discovery services, and Segal desires to provide such discovery services to County on the terms set forth in this Agreement.

Accordingly, Segal and County agree as follows:

- 1. TERM. The term of this Agreement will begin on the date set forth above and will continue until terminated in accordance with the provisions of Section 7 of this Agreement.
- 2. SERVICES. Segal agrees to provide to County discovery services to look for and identify to County Property owners who have failed to file applicable property tax listings for real and/or personal property ("Property") located within County and to look for and identify to County items of Property on which ad valorem taxes may be, but have not been, assessed by County in accordance with applicable North Carolina law (the "Services"). In connection with its performance of the Services, Segal will provide to County reports from time to time of discovered Property owners and Property, including, without limitation, the name and location within the County of such Property owners and, to the extent such information is reasonably available, the location of such Property within the County. Segal may also upon County's request prepare letters ("Discovery Letters") in form and substance reasonably satisfactory to County to be sent by County to Property owners in connection with property tax listings and unlisted Property. In no event, however, will Segal appraise or otherwise determine the value of any identified Property or determine the amount of tax due with respect to such Property.
- 3. **COUNTY'S RESPONSIBILITIES**. As a condition of Segal's provision of the Services, County agrees to:
- (a) Cooperate fully with Segal and promptly provide all information reasonably requested from time to time by Segal in connection with Segal's provision of the Services, including, but not limited to up-to-date spreadsheets, databases, or other data files in electronic format containing all current real and personal property listings within the County;

1514065

- (b) If requested by County to prepare Discovery Letters, provide Segal with County letterhead and mailing envelopes for Segal's preparation of such Discovery Letters;
- (c) Cause the signing of Discovery Letters by the appropriate County tax official as prepared by Segal and approved by County, supply appropriate postage for mailing such Discovery Letters, and mail such Discovery Letters in a timely manner;
- (d) Inform Segal within thirty (30) days of County's assessment of tax value and provide Segal with a copy of all property tax bills: (i) on Property that was identified by Segal for which a Discovery Letter was sent, or (ii) in connection with a property tax listing received from a Property owner that was previously identified to County by Segal to whom a Discovery Letter was sent:
- (e) Inform Segal within thirty (30) days of County's receipt of payment of any property tax assessment described in Section 3(d) above; and
 - (f) Pay Segal's invoices for Services in accordance with the terms of this Agreement.

4. COMPENSATION.

(a) In consideration of the Services to be provided by Segal to County under this Agreement, County agrees to pay Segal in accordance with the following fee schedule on the basis of the total tax value of Property (rounded to the nearest whole dollar) per taxpayer to whom a Discovery Letter is sent and for whom County subsequently makes an assessment of tax for each account for which County assesses taxes on the value of such Property as a result of Segal's identification of such taxpayer or Property:

	Total Tax Valu Proper Accoun	Fee Per	
Size	At least:	But less than:	Account (\$)
S-0	-0-	50,000	400
S-1	50,000	400,000	600

S-3	1,000,000	5,000,000	2,000
S-4	5,000,000	15,000,000	6,000
S-5	15,000,000	30,000,000	10,000
S-6	30,000,000	50,000,000	10,000
S-7	50,000,000	N/A	10,000

^{*} The total tax value of identified Property per account for purposes of determining the fees to be paid to Segal will be the value of such Property as properly reported on the most current Business Personal Property Tax Listing form or State Certification, as applicable.

(b) In the event that a court of competent jurisdiction finds that the fees paid or payable to Segal as determined under Section 4(a) of this Agreement are illegal, unenforceable,

or otherwise constitute a violation of applicable law, then Section 4(a) will be severed from this Agreement, and County will pay in lieu of the compensation determined under Section 4(a) of this Agreement for the Services provided by Segal compensation computed on an hourly basis at the rate of \$200.00 per hour not to exceed a maximum of \$1,000.00 per taxpayer's account for which County assesses taxes on the value of Property as a result of Segal's identification of such taxpayer or Property.

INVOICING.

- (a) Segal will invoice County on a monthly basis for compensation payable under Section 4(a) above; however, County will not be obligated to pay such invoices in excess of County's total taxes collected from taxpayers for listings and Property identified by Segal under this Agreement.
- (b) In the event that any compensation is payable under Section 4(b) of this Agreement, Segal will invoice County on a monthly basis after the close of each calendar month for the hours of Services provided during such calendar month.
- (c) If it is determined by a court of competent jurisdiction that Segal is required to repay to County any amount of compensation previously paid to Segal pursuant to Section 4(a) of this Agreement, then Segal will be entitled to a setoff against such amount required to be repaid equal to the compensation determined on an hourly basis as provided in Section 4(b) as re-determined in connection with the Services for which Segal was previously compensated.
- 6. **PAYMENT.** County agrees to pay Segal's invoices in full within thirty (30) days of the date of each such invoice, subject to the limitation in Section 5(a) above.
- 7. **TERMINATION**. Either party may terminate this Agreement by giving written notice of termination at least thirty (30) days in advance of the effective date of such termination. Upon any termination of this Agreement, will perform no further discovery Services, but Segal and County agree to fulfill all of their obligations arising under this Agreement up to the time of termination, including but not limited to County's obligations to provide assessment and collection information and copies of tax bills to Segal, Segal's obligations to invoice County, and County's obligations to pay Segal's invoices in accordance with Sections 3(d)-(f), 4, 5, and 6, each of which will survive the termination of this Agreement for three (3) years.
- 8. CONFIDENTIALITY. As a result of Segal's performance of the Services, Segal and Segal's officers, employees, independent contractors, or agents (collectively referred to as "Segal's Personnel") may have access to certain confidential information of County (collectively referred to as the "Confidential Information"). Segal agrees that Segal will not disclose, or permit the disclosure by Segal's Personnel of, the Confidential Information other than in connection with the performance of the Services, except to the extent compelled by judicial process. Further, Segal will not use, or permit the use of by Segal's Personnel, other than for County's benefit, without County's prior written consent, any part of the Confidential Information. Confidential Information does not include any information available in the public domain, information lawfully disclosed to Segal or Segal's Personnel by a source that may

disclose such information without restriction who is not affiliated with County, or information known to Segal or Segal's Personnel prior to Segal's engagement with County or independently developed by Segal or Segal's Personnel on their own time without using any information that would otherwise constitute Confidential Information.

- 9. WORK PRODUCT. All Confidential Information is and will be the exclusive property of County. Upon completion of the Services or termination of this Agreement, Segal agrees to return promptly to County or destroy all originals and all copies of all Confidential Information (including, but not limited to, materials in written, recorded, or electronic format) that are in Segal's possession or control. However, any and all information, reports, and documents (other than the information, reports, and documents delivered to County in the performance of the Services), as well as methodologies, materials, software, computer programs, trade secrets, manuals, analyses, forms, techniques, research, modifications, improvements, procedures, works of authorship, or inventions, created, conceived, generated, or derived by Segal as a result of or in connection with the Services ("Work Product") will be and become the exclusive property of Segal.
- 10. **NOTICES**. Written notices sent to either party under this Agreement will be effective when delivered in person, one (1) day after being sent by overnight courier by a nationally recognized overnight courier, or three (3) days after being sent by certified mail, postage pre-paid, return receipt requested, to the address of the recipient set forth on the signature page to this Agreement, or such other address as a party may give by written notice under this Section.
- 11. **DULY AUTHORIZED EXECUTION.** The individuals executing this Agreement on behalf of the parties represent and warrant that they have the full authority to bind the party for whom they are acting to this Agreement. In addition, the execution of this Agreement on behalf of County has been duly approved by appropriate action of County's Board of County Commissioners.

Bertie County

Application for Manufacturer's Certificate

To classify the County's wells as manufacturing facilities and subsequent privilege tax purposes

Bertie County processes water (raw materials) from its 13 wells, filters it to remove impurities and then adds chlorine to make the water saleable to the general public. Without filtering and adding the chlorine, the State of North Carolina would not permit the water to be sold for consumption by the general public. The North Carolina Department of Environment and Natural Resources (NCDENR) requires all well sites and water treatment plants to be tested monthly for Volatile Organic Chemicals Analysis (VOC's) and Pesticides and Synthetic Organic Chemicals Analysis (SOC's).

Annually, NCDENR, Public Water Supply (PWS) Section requires the water system to conduct an assessment of the drinking water. The most recent assessment information can be found in the "2014" Annual Drinking Water Quality Report, "Bertie County" PWSID# "04-08-085" dated February 2, 2014.

The North Carolina Department of Revenue (DOR) classified local government water treatment plants as manufacturing facilities beginning January 1, 2006. Per Section 59-15 of the NC Sales and Use Tax Technical Bulletins, "public or private water purification plants are considered to be manufacturing plants for privilege tax purposes when they purify and sell water."

Bertie County believes that its process to manufacturer saleable water is no different than a local government with a water treatment plant. The County contends that each of its 13 wells are small water treatment plants and purchases for those wells should be given the same tax treatment as a manufacturing plant.

The Secretary will tour the Bertie Peanut Company, AVOCA and the Department of Correction prison facility to view the available training and manufacturing space.

Mr. Biggs also reported that the Assistant Commerce Secretary, Mr. Will Collins, recently met with the local Mideast Commission Workforce Development Board and staff to discuss job recruiting and training needs in Bertie County.

Lastly, Mr. Biggs shared efforts to secure a new business prospect through the North Carolina Partnership. A joint proposal was prepared with the Town of Windsor to offer two downtown incubator buildings for the client.

Non-Emergency Transport (NET) update by Emergency Services Director, Mitch Cooper

Emergency Services Director, Mitch Cooper, presented a report to the public that was similar to the one presented at a special meeting that took place on Tuesday, March 10, 2015.

Emergency Services Director, Mitch Cooper, and his staff provided a detailed overview of the Non-Emergency Transport Service which was initiated on August 1, 2014.

The Board was briefed regarding the original operating assumptions and the 24 hours per day, 7 days a week scheduling that was established to cover the projected transport demand at Bertie Vidant hospital in Windsor.

Mr. Cooper also explained the call volume and related operating costs for the first four months, and the decision to eliminate the 12 hour night shift, reduce staff and decrease operations to eight (8) hours per day Monday through Friday.

It is anticipated that the non-emergency transport service will reach a break-even point within 120 days according to estimates provided by Mr. Cooper.

There were several questions from members of the audience, and the Board assured them that this program will be monitored very closely.

Bertie-Martin Regional Jail Board project funding – project estimate of \$400,000 is recommended with a 50 percent cost share contribution from each county

The Board informed the public about the current state of the Bertie-Martin Regional Jail and a proposed renovation project to be shared between both Bertie and Martin Counties.

The Board assured the public that this project had been put off long enough and that renovations were desperately needed in various areas of the facility.

A total of \$400,000 is needed to make priority repairs with each County providing 50% or \$200,000 of funding to begin work. The Board also clarified that since this work was not originally budgeted that the County would appropriate fund balance reserves to cover the contribution.

COMMISSIONERS' REPORTS

Vice Chairman Lee informed the Board and citizens present about the Teddy Bear training program she attended at the Department of Social Services, and its relevance for other departments who serve children and families.

Commissioner White indicated that several citizens had inquired about the ownership of the ball fields in Askewville, and asked if the County would consider transferring ownership to the Town of Askewville.

It was his understanding that the Town installed the lights and maintains the fields for the benefit of the community.

Chairman Wesson reiterated the Board's gratitude to all County staff during the recent winter weather and made a special acknowledgement to County Manager Sauer for his dedication to communication during those events.

Chairman Wesson also announced the Historic Hope Foundation's 50th Anniversary Gala to take place on Friday, April 24, 2015 at the Roanoke-Chowan Heritage Center, and asked the Board to consider a sponsorship donation of \$500.

Commissioner Trent made a **MOTION** to provide a sponsorship of \$500 to the Historic Hope Foundation's 50th Anniversary Gala. Commissioner Bazemore **SECONDED** the motion. The **MOTION PASSED** unanimously.

COUNTY MANAGER'S REPORTS

County Manager Sauer updated the Board on several matters including ongoing projects.

The County "shred event" will be held Saturday, March 21st at the Department of Social Services parking lot from 10 am to 1 pm.

Mr. Sauer explained that this service is provided by the Local Government Federal Credit Union and is free to all citizens and businesses in the County.

He explained to the audience that this is an excellent opportunity to destroy personal files and tax records which may contain information that could be used to steal a person's identity.

Mr. Sauer presented a draft Memorandum of Understanding for consideration by Bertie and Martin Boards of County Commissioners in conjunction with the regional jail commission which addresses outstanding invoices from 2002 for unpaid safekeeper services.

He explained that this information was just brought to his attention late last week, and the amount due exceeds \$106,000 of which nearly \$90,000 is the obligation of Martin County.

After further discussion, Commissioner Bazemore made a **MOTION** to approve the Memorandum of Understanding with the Martin County Board of Commissioners regarding the outstanding balance for safekeeping services. Commissioner Trent **SECONDED** the motion. The **MOTION PASSED** unanimously.

The Memorandum of Understanding reads as follows:

Memorandum with Bertie County and BMRJ Jail Board Concerning Old Safekeeper Debt Owed to the State of North Carolina

March 18, 2015

Summary:

The NC Division of Prisons cooperate with county jails through the Safekeeper Program to assist with the housing of prisoners when the prisoners require medical or mental health treatment or in other scenarios, such as when situations require a higher level of supervision.

The Bertie County Board of Commissioners and Martin County Board of Commissioners entered into an agreement on December 7, 1981 to construct, finance and operate a regional jail under the

authority of NC General Statutes, Section 153A-219 and the 1981 Session Laws of NC, Chapter 269 (House Bill 541).

Bertie County, Martin County and Bertie-Martin Regional Jail utilize the Safekeeper services provided by the NC Department of Public Safety and pays for current Safekeeping services. There is approximately \$16,360.35 in outstanding Safekeeper charges attributed to Bertie County from 2002 - 2003. There is approximately \$89,980.00 in outstanding Safekeeper charges attributed to Martin County from 2002 - 2003. \$81,661.93 of the approximately \$89,980.00 in outstanding Safekeeper charges attributed to Martin County are from one case. Bertie County, Martin County and Bertie-Martin Regional Jail have paid all Safekeeping charges since 2003.

Since the debt from the Safekeeping Program is 12-13 years old and paying the debt would create a burden for Bertie and Martin County, the attached Memorandum of Understanding formalizes a request for the State of North Carolina to forgive the debt.

If all three boards approve the MOU, the MOU and request would be sent to Governor Pat McCrory for consideration by the State.

MEMORANDUM OF UNDERSTANDING

BETWEEN THE BERTIE COUNTY BOARD OF COMMISSIONERS MARTIN COUNTY BOARD OF COMMISSIONERS

WHEREAS, the Bertie County Board of Commissioners and Martin County Board of Commissioners entered into an agreement on December 7, 1981 to construct, finance and operate a regional jail under the authority of NC General Statutes, Section 153A-219 and the 1981 Session Laws of NC, Chapter 269 (House Bill 541); and

WHEREAS, Bertie County and Martin County have jointly operated the Bertie-Martin Regional Jail (BMRJ) through the Bertie-Martin Regional Jail Commission; and

WHEREAS, Bertie County and Martin County jointly fund the Bertie-Martin Regional Jail (BMRJ) on a pro rata basis, based on population; and

WHEREAS, Bertie County, Martin County and Bertie-Martin Regional Jail utilize the Safekeeper services provided by the NC Department of Public Safety and pays for current Safekeeper services; and

WHEREAS, there is approximately \$16,360.35 in outstanding Safekeeper charges attributed to Bertie County from 2002 - 2003; and

WHEREAS, there is approximately \$89,980.00 in outstanding Safekeeper charges attributed to Martin County from 2002-2003; and

WHEREAS, \$81,661.93 of the approximately \$89,980.00 in outstanding Safekeeper charges attributed to Martin County are from one case; and

WHEREAS, Bertie County, Martin County and Bertie-Martin Regional Jail have paid all Safekeeper charges since 2003; and

WHEREAS, Bertie and Martin Counties are both Tier-1 Counties; and

WHEREAS, Bertie County is the most economically-distressed county in North Carolina; and

WHEREAS, Martin County is the 13th most economically-distressed county in North Carolina; and

WHEREAS, Bertie and Martin Counties are about to make a significant capital investment of approximately \$400,000 in renovations at the Bertie-Martin Regional Jail; and

WHEREAS, this sizeable investment in the jail facility will put a substantial financial strain on Bertie County and Martin County;

THEREFORE, the Bertie County Board of Commissioners, Martin County Board of Commissioners and Bertie-Martin Regional Jail Board agree to humbly ask the State of North Carolina to forgive the Safekeeper debts of Bertie County and Martin County that date back to the 2002-2003 timeframe and which total approximately \$106,340.35.

Mr. Sauer also reported to the Board on the status of the Courthouse foundation reinforcement project which is under contract with RAMJACK of Raleigh, NC.

County Manager Sauer provided background information for the audience and explained that both additional sections, or wings of the Courthouse, have started to shear away from the main part of the building and that this work is necessary to prevent further damage to the structures.

Mr. Sauer reported to the Board that the actual project costs will exceed the original estimate of \$85,000 by approximately \$24,000 as calculated by the Maintenance Director Anthony Rascoe.

Mr. Rascoe described some of the unexpected subsurface work in the records vault area in the Register of Deeds Office which required additional brick work, steel reinforcement, and painting and sheet rock repairs at a cost of \$6,277. RAMJACK's final invoice is \$39,100 which brings RAMJACK's total charges for this phase of work to \$96,900 which is primarily attributable to the installation of forty-seven (47) helicon piers, many of which exceeded the projected depth of 25 feet. Due to the unstable soil materials, the average depth for the pier installation was 57 feet, and one pier required a depth of 69 feet in order to achieve the required measurement of 3,000 pounds per square inch (PSI).

Mr. Rascoe estimates that the remaining concrete and brick work will not exceed \$6,000 and the final total for this entire project is estimated at \$109,177 and the County Manager reported that the additional \$24,177 in expenses will be absorbed within the existing appropriation for the Maintenance Department budget.

The County Manager reminded the Board of the upcoming Mayors and Commissioners meeting on April 9th in Askewville and noted for the audience, that the next regular meeting of the Board has been rescheduled to April 7th in order to avoid having a meeting on Easter Monday.

ASSISTANT COUNTY ATTORNEY'S REPORTS

The Assistant County Attorney gave no remarks at this time.

PUBLIC COMMENTS CONTINUED

Barbara Outlaw of Powellsville thanked the Board for their recent efforts to remain transparent with all decisions regarding County dollars.

Mike Baker, Town of Askewville Commissioner, stated that he supported the work being doing by SunEnergy1 and asked for the Board to keep the Town of Askeville in mind during the upcoming budget season.

Kay Brantley, Town of Askewville Commissioner, inquired about various matters including the costs involved in maintaining no longer utilized school buildings in the County as well as the current operational costs at the new Bertie High School, as well as the amount of revenue paid to the land owner per acre with each solar farm.

Chairman Wesson recommended that Ms. Brantley visit an upcoming Board of Education meeting to voice her concerns regarding any Bertie County Public School matters as the County does not have control over the school system's assets.

RE: ACA

Happy Monday!

Personnel Policy Amendment for ACA compliance

Here's the link for the IRS's ACA compliance page: http://www.irs.gov/Affordable-Care-Act/Employers/Questions-and-Answers-on-Employer-Shared-Responsibility-Provisions-Under-the-Affordable-Care-Act

1. What are the Employer Shared Responsibility provisions?

For 2015 and after, employers employing at least a certain number of employees (generally 50 full-time employees or a combination of full-time and part-time employees that is equivalent to 50 full-time employees) will be subject to the Employer Shared Responsibility provisions under section 4980H of the Internal Revenue Code (added to the Code by the Affordable Care Act). As defined by the statute, a full-time employee is an individual employed on average at least 30 hours of service per week. An employer that meets the 50 full-time employee threshold is referred to as an applicable large employer.

Under the Employer Shared Responsibility provisions, if these employers do not offer affordable health coverage that provides a minimum level of coverage to their full-time employees (and their dependents), the employer may be subject to an Employer Shared Responsibility payment if at least one of its full-time employees receives a premium tax credit for purchasing individual coverage on one of the new Affordable Insurance Exchanges, also called a Health Insurance Marketplace (Marketplace).

Have a great week! Happy St. Patrick's Day (a day early)!

SUBJECT:

Bertie County Regional Water System

Hydraulic Model Revision with Emphasis on Roxobel

Dear Mr. Sauer:

Pursuant to our presentation at the Board's work session on February 10th, 2015, Green Engineering discussed updating the County's hydraulic model prepared by Hobbs Upchurch in 2011-12. This recommendation stemmed from our earlier system evaluation conducted in 2014 and most recently our involvement with the South Windsor, Lewiston and Roxobel water systems.

The following tasks will be conducted to complete this updated model:

- Review all system pumping and demand records since 2012.
- Review field records and reports by staff on system issues relative to low pressure and flow.
- Evaluate the impact of peak day demands on the system(s).
- Install and maintain pressure recorders in the Town of Roxobel for a minimum 30-day test period.
- Evaluate and plan the appropriate site placement of a booster pumping station to fill the Roxobel elevated water storage tank.
- Inventory existing County distribution system pipe diameters and evaluate the need to reinforce existing transmission systems to accommodate max day flow demands for the Roxobel, Lewiston, South Windsor and a southern portion of Water District Three along Woodard Road. The existing distribution system in the Aulander region of the County will also be evaluated in the event service to that system is requested sometime in the future.

We anticipate that it will require approximately ten (10) weeks to complete the above Scope of Services. Upon completion of the work, a representative from Green Engineering will present a Draft of the Study to appropriate County representatives. Following that meeting, a Final Report will be completed and submitted.

Compensation For The Above Services

•	Research of Records and Travel
•	On-site vertical surveys of selected facilities in the study area
0	Selected field flow test 6,800.00
•	Computer modeling and engineering
•	Compilation of all data and preparation of Final Report
	Total Estimated Cost\$25,000.00

Green Engineering appreciates the opportunity to be of continued service to Bertie County. We are available at your convenience to discuss, in more detail, our Scope of Services.

Respectfully,

E. Leo Green, 🗐
