Re: BPP audit appeal from White Oak Medical

White Oak Medical is appealing the penalties applied to their business personal property discovery.

In their appeal, they state that all communications between our auditor and White Oak Medical were with a former employee and not management or the owners. However, the first notice sent on September 5, 2014 was addressed to Mr. Ricky White, owner. A phone call was made to White Oak Medical, our auditor talked with Ms. Wendy White who stated she was the booker keeper and the person to contact concerning the requested information. On December 19, 2014, a second notice was sent to the attention of Wendy White to confirm the appointment date of January 21, 2015 as discussed during the phone conversation. Our auditor met with Ms. White at the White Oak Medical office. A notice of discovery was mailed February 27, 2015. On March 27, 2015, I received a call from Mr. White asking for additional time to review the findings which I granted. During the next few months I spoke with Ms. White concerning some of the items discovered. Ms. White stated that she would provide additional information. On April 4, 2016, I sent a notice to Ms. White stating that I had not received any additional information and gave her 15 days to respond. On April 19, 2016, I received a faxed reply from Ms. White asking until April 30, 2016. That was the last correspondence I received from Ms. White. The audit was finalized and a discovery bill was mailed.

Mr. Jodie Rhea Tax Administrator Bertie County P. O. Box 527 Windsor, N.C. 27983

Dear Mr. Rhea;

On June 1, 2017, we received a letter from you to Ms. Wendy White at White Oak Medical dated May 30, 2017. The letter referenced Account #. 33279 and listed taxable values from 2010 through 2016 with a balance due of \$9,124.89. Of this balance, \$2,102.28 are penalties. The penalty for 2010 alone was 60%. We at White Oak do not feel that these penalties for justified for the following reasons.

Upon receiving this letter on June 1st, because it was sent to a former employee, we opened the letter. When we read the contents, Mr. Ricky White, Owner of White Oak Medical, immediately went and met with Mr. Rhea to discuss the penalty. This was the first time we had seen or been aware of this tax bill, the audit process or the penalties.

When Mr. White met with Mr. Rhea, he shared with Mr. White several communications with Wendy White since 2015 about this audit process that had been taking place. All communications, to include letters and emails, were with Wendy White and none with management or ownership of White Oak Medical. At no time were there any communications with the owners, only Mrs. White. The owners only became aware of this issue because I opened a letter addressed to Ms. White on behalf of White Oak Medical, who was no longer employed by us. Mr. Ricky White immediately took steps to rectify this issue by meeting with Mr. Rhea the same day we received the letter.

If Mr. and Mrs. White had been aware of the appeal process or had they been contacted about the actions being taken by Bertie County Tax, they would have handled this in a timely and appropriate manner. We do not dispute the value, only the penalty and will make payment immediately upon resolution. Because all communications were with an employee and not management, we feel that the penalties should be forgiven. We simply request for your consideration the waiver of the penalties.

I have attached the letter we received dated May 30, 2017 to Wendy White as proof of my comments in this letter. Mr. Rhea does have prior communication copies referenced within letter as needed to prove the owners or management never received any communication about this process.

Sincerely,

Michael K. Hoggard Chief Executive Officer

RE: County Acct. #: Unlisted

Dear Ms. White:

County Tax Services, Inc. recently contacted you to schedule an appointment to review your Business Personal Property Tax Listings. This appointment was set to meet with you at your office in Windsor on January 21, 2015, at 1:15 PM. This review may require an inspection of the facility and business assets for the referenced account (s).

We invite your attention to N.C.G.S. 105-296(h), which states the assessor can require any person operating a business enterprise in the county to submit detailed statements of assets and liabilities, or other similar information pertinent to a discovery process. It also states that information collected under this Statute shall not be open to public inspection and is therefore confidential in nature but can be used in the listing or appraisal of property in the performance of the assessor's duties. The county has contracted with County Tax Services, Inc. as an expert to assist with the duties of the assessor (N.C.G.S. 105-299) and thereby subject to the provisions of confidentiality regarding the use and disclosure of information.

Please have available the following information that reflects tax years 2012, 2013, & 2014. The auditor will need these files either electronically or copies to take with them.

Depreciation schedules for year ending December 31 of each requested tax year (i.e.; year-end December 31, 2012 is for tax year 2013), as well as the most current depreciation schedule available on fixed assets. Be sure to include all assets located in this county, real or personal or fully depreciated and still in use.
- 2. The trial balances that relate back to the general ledger, which includes assets and expenses.
- 3. For validation purposes, we ask for certain information from your Income Tax Returns. CTSI is only requesting information from income tax returns that is relevant to determining taxable assets of the business and is not requesting income information.
 - a. For Individual Income Tax Returns, please provide Schedule "C", "F", etc. that is applicable to your business.
 - b. For Corporate Tax Returns please provide Schedule "K", "L" and "Other Deductions" that show detail of the different supply accounts.

Therefore, there may be a need for information regarding additional tax years, at which time our auditors will notify you. RE: County Acct. #: Unlisted

Dear Ms. White:

The review on your Business Personal Property Tax Listings has been completed. Below is a description of the findings:

Information used in this review included Depreciation Schedule for Fixed Assets and a tour of the facility by the auditor. No Listing Forms have been filed with the county for the tax years under review.

Supplies

This asset category has variances for tax years 2010 through 2015. Since the Federal Income Tax Return information was requested but not provided by the taxpayer, three percent (3%) of the tax value is being used as a reportable amount of supplies. Like kind businesses have shown this amount to be an appropriate calculation. See the attached worksheets for further details of the calculation of tax values presented in the table below.

Machinery & Equipment, Furniture & Fixtures & Data Processing

These asset categories have variances for tax years 2010 through 2015. Cost of assets found in the Depreciation Schedule have been summarized by category and year acquired. Cost of assets in use by the business but not recorded on the Depreciation Schedule have been estimated and included in this review. This included the Furniture & Fixtures and Data Processing Equipment. Variances are shown below at their appropriate tax values. See the attached worksheets for further details.

Mr. Henry Lancaster of Governor Cooper's Office, was present to introduce himself, and thanked the County Manager, and Emergency Services staff for all of their recent communications on behalf of the EMS Station One replacement initiative.

Mr. Lancaster stated that the EMS Station One "matter" should be "resolved favorably" by the end of this month.

The Board thanked Mr. Lancaster for all of his assistance.

Public Hearing #1 - CDBG Broadband Grant

Mr. Kevin from the Mid-East Commission was present to assist in the first of two public hearings for the CDBG Broadband Grant.
Mr stated that this first public hearing was being held to provide information to the public and the Board about the programs offered by CDBG. Nothing grant specific will be submitted until the second public hearing.
Chairman Trent then opened the public hearing for citizen comments.
Besides receiving a general question about CDBG, there were no citizen comments regarding the future Bertie County application for a CDBG Broadband Grant.
Chairman Trent closed the public hearing, and thanked Mr for his time.

Public Hearing #2 – Northeastern NC Regional Hazard Mitigation Plan

Emergency Services Director, Mitch Cooper, was present to answer questions from the public or the Board about the County's intent to join the Northeastern NC Regional Hazard Mitigation Plan.

He stated that it is now time to finalize the updates and adopt the final plan that will be in place for 5 years.

This plan has been approved by the State Office of Emergency Management, as well as FEMA, and is ready for implementation July 1.

Mr. Cooper affirmed that this is very important document and partnership as it will ensure proper compliance for federal funding from after natural disasters.

Chairman Trent closed the public hearing, and thanked Mr. Cooper for his presentation.

Introduction by newly appointed John Sapper, Director of Bertie Correctional Institute

John Sapper, new Director of Bertie Correctional Institute, was present to introduce himself, as well as to provide a brief update about the State prison.

Mr. Sapper mentioned that the Prison was still working through the notions of an incident involving a Correctional Officer, and assured the Board that new changes were in the pipeline for added safety and security for all officers to prevent another tragedy.

He then discussed the 107 current vacancies at the State Prison, and that the Board should be aware that newspaper and radio advertisements were being used to recruit new prospective candidates for various positions.

The Board asked various questions of Mr. Sapper regarding the current hiring process, and whether or not paper applications could be used in reaching more of Bertie County's lower income citizens. Due to the fact that the local library was a total loss in Hurricane Matthew, it is even harder for citizens to have adequate access to internet service to complete the State Prison's online application process.

There was a brief discussion regarding the entire hiring process, including the physical agility test where candidates are required to "stair step" a particular number of stairs within a time limit. It was noted that this was a test the tended to screen out otherwise qualified candidates.

The Board also briefly discussed with Mr. Sapper about ways to promote the submission of applications even with the inherent risks of working in this type of field.

Commissioner Lee inquired if the rumors she had heard about the prison looking to "re up" former public safety or military personnel on a contract basis were true, and he confirmed that those rumors were true.

The Board thanked Mr. Sapper for his presence this evening, and assured him that he had their full support.

Presentation of the proposed FY2017-2018 County budget by County Manager, Scott Sauer

Four years ago, this month (May 2013), interim County Manager Mr. John Ed Whitehurst presented the FY 2013-2014 Budget Proposal, including but not limited to observations for the governing body to consider:

- <u>Board of Education</u>: The County has recently received the financial audit for the year ended <u>June 30, 2011</u>. The County was informed that the financial audit for the year ended <u>June 30, 2012 was incomplete</u>, but being performed.
- <u>Water Department</u>: The countywide water system is in need of extensive repair for the water tanks. Increased demand has placed a burden on some facilities and we are in need of expansion. However, the system must pay for the expansion with adequate revenues.
- <u>Emergency Medical Services</u>: The increasing demand upon the volunteer rescue squads and paid rescue squads has jeopardized the quality of services being delivered to the citizens.
- <u>Public Buildings Maintenance and Grounds</u>: Facilities upkeep has been neglected for several years and now the needed repairs are extensive.

She also reported that she had spoken with a representative from Walgreens regarding the closure of the Windsor location. It was mentioned to her that the employees inside the Windsor location were being given the opportunity to transfer to other local area stores, and that Walgreens would still maintain the building until a new tenant was secured.

She also discussed a grant opportunity she had recently learned about for helping those recover from opioid addiction, as well as encouraged the Board to seriously consider more funding being allotted for local Pre-K and educational programs in the area.

She also reiterated what Commissioner Wesson said about early preparations for the 2020 Census, and there was a brief discussion among the Board at finding local leaders in each community to assist in the surveying of Bertie citizens. The Board felt that having familiar faces knocking on doors that more people would be receptive to completing the Census than the numbers received in 2010.

PUBLIC COMMENTS

James Pugh of Indian Woods was present to pass along concerns he had received from citizens in the Lewiston-Woodville area. The concerns stemmed from the amount of accidents at the Lewiston/308 intersection. Chairman Trent informed Mr. Pugh that NCDOT had investigated that intersection, and found the most feasible approach to take in order to prevent further accidents. NCDOT plans to install a 4-way stop, and 2 red signals in advance of this intersection.

Veronica Williams of 104 Joyner Street in Windsor presented her concern to the Board regarding the Methodist Men organization. Ms. Williams stated that she and her husband were told that work being completed by the Methodist Men on her home would be ceased if they did not agree to sign documents for a \$40,000 loan. The Board thanked Ms. Williams for bringing her concerns to them, as if she had not done so, the Board would not be aware of this. Ms. Williams was asked to leave her contact information with the County Manager so that the matter could be looked into, and the County would then follow up with her.

Terry Pratt of Merry Hill reported that he had recently heard H.B. 867 was consider "dying" or "dead" in the House, and that even if it made it through the House, the Senate would most likely block it. Mr. Pratt stated he would bring new information to the Board if any is received.

There were no other public comments.

Vice Chairman Bazemore made a **MOTION** to go back into Closed Session pursuant to N.C.G.S. § 143-318.11(a)(6) to consider the qualifications, competence, performance, character, fitness, conditions of employment, or conditions of initial employment of an individual public officer or employee or prospective public officer or employee; or to hear or investigate a complaint, charge, or grievance by or against an individual public officer or employee. The Grantee agrees that it will use the funds from this grant only for charitable, educational, or scientific purposes within the meaning of Section 501(c)(3) of the Code, and that it will not use the funds from this grant in any way that would result in or give rise to private inurement or impermissible private benefit. The Grantee agrees that no funds from this grant will be used to carry on propaganda or otherwise to attempt to influence legislation, to influence the outcome of any public election, or to carry on directly or indirectly any voter registration drive. Any condition, purpose, term or provision in the Foundation's resolution approving funding or in this Agreement shall take precedence over any conflicting provision in the Grantee's application.

The Grantee acknowledges receipt of the following policy regarding termination and rescission of grants, which is intended to supplement but not replace or limit the rights and remedies of the Foundation set forth elsewhere in this Agreement. The Grantee acknowledges that the Foundation may, from time to time, amend its policy

regarding termination and rescission of grants, and the Grantee acknowledges that the Grantee will be subject to the policy as amended.

Policy Regarding Rescission and Termination of Grants. Rescission of a grant revokes the grant award. When funds have been disbursed to a Grantee by the Foundation and a grant is rescinded, the Grantee may be liable for repayment to the Foundation for an amount up to the total of grant funds received by the Grantee. Termination of a grant ends the grant on a going-forward basis, and the Grantee is responsible for repayment to the Foundation of only that portion of the grant funds that has been disbursed but not expended by the Grantee in accordance with the terms of the grant.

A grant may be rescinded or terminated at any time in the discretion of the Foundation for the Grantee's failure to comply with its obligations under this Agreement or if any of the Grantee's representations and warranties in this Agreement are or become untrue as to a material fact. Reasons for rescission or termination of a grant include but are not limited to the following:

- a. The Grantee has not signed and delivered to the Foundation the Grantee Acknowledgment and Agreement within three (3) months of the Award Date set out in Section 5, above.
- b. The Grantee has failed to complete the project within the grant term established by this Agreement or any extensions thereof.
- c. The Grantee's tax-exempt status has been modified or revoked.
- d. The Grantee is unable, or has failed or refused, to comply with a material term or condition of the grant.
- e. The Grantee has experienced a change in circumstances that is likely to have a material adverse effect upon the Grantee's ability to accomplish fully the purposes of the grant (e.g., loss of collateral funding, loss of key personnel, etc.).
- f. The Grantee has failed or refused to submit a report, statement, accounting or return required by this Agreement or applicable law.
- g. The Grantee has materially modified its budget for the project, and such material modification has not been approved by the Foundation.
- h. The Grantee commits a material violation of the Internal Revenue Code, or uses grant funds for some purpose not permitted by the Internal Revenue Code or for some purpose not contemplated by the grant.
- i. The Grantee breaches any of the covenants or agreements contained in this Grantee Acknowledgment and Agreement.
- j. The Grantee requests that the grant be rescinded or terminated.

It is anticipated that a grant will be rescinded in situations in which no grant funds have been disbursed. Where grant funds have been disbursed, it is anticipated that a grant will be rescinded in the case of more serious violations (including, without limitation, use of grant funds for some purpose not contemplated by the grant or in violation of the Internal Revenue Code, or upon other affirmative misconduct of the Grantee), and that termination of a grant will occur in the case of the less serious instances of non-compliance or where the circumstance giving rise to termination is not the result of misconduct of the Grantee.

If the Board of Directors of the Foundation determines that a grant should be rescinded or terminated, the Foundation will notify the Grantee of that decision. The Foundation may choose to notify the Grantee that the grant is subject to rescission or termination unless the Grantee remedies the noncompliance and establish deadlines or other limitations on the Grantee's opportunity to remedy the noncompliance. If the Foundation allows the Grantee the opportunity to correct the noncompliance, no further grant funds shall be advanced until the noncompliance is remedied.

12. Release of Funds: Unless otherwise agreed by the Foundation, up to twenty percent (20%) of funds may be released in advance after all conditions on the release of funds are satisfied. Funds may be released in additional advances of up to twenty percent (20%) of the grant amount upon receipt of evidence satisfactory to the

Foundation that funds previously released have been properly expended and accounted for. Funds may instead be released on a reimbursement basis, in which case payments may be made in an amount equal to or up to eighty percent (80%) of the grant amount upon receipt of evidence satisfactory to the Foundation that funds have been properly expended and accounted for. Unless otherwise approved by the President of the Foundation, a sum equal to twenty percent (20%) of the total amount of the grant will be retained by the Foundation until the Grantee completes its obligations under this grant, including submission of a satisfactory final report on the project funded. This final twenty percent (20%) retained by the Foundation shall be paid to the Grantee on a reimbursement basis. If the grant is conditional or contingent, all conditions and contingencies must be met before any payment will be made. Each request for payment shall be in writing and shall certify that the Grantee has performed in accordance with the terms and provisions of its Grantee Acknowledgment and Agreement, and that such Grantee is entitled under the terms of such Agreement to receive the amount so requested. Each request should be made to Mr. Dan Gerlach, President, The Golden LEAF Foundation, 301 N. Winstead Avenue, Rocky Mount, NC 27804. Payment should not be requested until the Grantee has need for actual expenditures of the funds. The Grantee should request payment at least thirty (30) days prior to its desired payment date.

- 13. Reporting: The Grantee agrees to submit a Progress Report to the Foundation biannually, to be received by the Foundation six months from the date of award and every six months thereafter. The Grantee agrees to submit a final Progress Report for receipt by the Foundation within sixty (60) days after the completion of all obligations for the project funded or the end date, whichever comes first. Report forms may be found on the Foundation's website, www.goldenleaf.org. The Grantee will furnish additional or further reports if so requested by the Foundation on forms prescribed by the Foundation.
- 14. Records: The Grantee agrees to maintain full, accurate and verifiable financial records, supporting documents, and all other pertinent data for the project funded in such a manner so as to identify and document clearly the activities and outcomes of the project funded and the expenditure of Foundation funds. Financial records regarding the Foundation's grant shall be kept separate from accounts for other awards, monetary contributions, or other revenue sources for the project funded. The Grantee agrees to retain all financial and programmatic records, supporting documents, and all other pertinent records related to the project funded for a period of five (5) years from the end of the grant funding period. In the event such records are audited, all project records shall be retained beyond such five-year period until all audit findings have been resolved. The Grantee shall provide to the Foundation copies of all financial and other records requested by the Foundation and shall make available to the Foundation, or the Foundation's designated representative, all of the Grantee's records that relate to the project funded, and shall allow the Foundation or the Foundation's representative to audit, examine and copy any data, documents, proceedings, records and notes of activity relating to the project. Access to these records shall be allowed upon request at any time during normal business hours and as often as the Foundation or its representative may deem necessary. The Grantee may be subject to audit by the State Auditor.

13 THIS SECTION 13 IS ADMICABLE II THE TOHOWING DIGHT IS MAINTAIN DOCUMENT THE CASE OF CASE.	15	This Section 15 is applicable if the following blank is marked:	Staff Initials & date:
----------------------------------------------------------------------------------------------	----	-----------------------------------------------------------------	------------------------

Intellectual property/New Developments: In consideration of its receipt of funds granted by the Foundation, the Grantee agrees that during the course of the project funded by the grant, the Grantee, and any recipient of grant funds, will promptly disclose to the Foundation any improvements, inventions, developments, discoveries, innovations, systems, techniques, ideas, processes, programs, and other things, whether patentable or unpatentable, that result from any work performed by or for the Grantee in connection with the project funded, or by individuals whose work is funded by the grant (the "New Developments"). If the Grantee provides to the Foundation a copy of any Invention Disclosure Reports it receives from Grantee employees that report making inventions under this Agreement, then the Grantee will be deemed to have satisfied the disclosure requirement in the preceding sentence.

The Grantee agrees that it, and any recipient of grant funds, shall take all reasonably appropriate actions to assure that the New Developments shall be and remain the sole and exclusive property of the Grantee. In the event that the interests of the public would be served by commercialization of the New Developments, the Grantee agrees to use its best reasonable efforts to pursue the commercialization of any such New Developments in a manner that will serve the interests of the public, including but not limited to the transfer, assignment or licensing of such New Developments; provided, however, that the Grantee, and any recipient of grant funds, shall not transfer, assign or license such New Developments in part or in whole without first having obtained the written consent of the Foundation.

Any revenue generated as a result of transferring, assigning, or licensing New Developments will be managed by the Grantee in accordance with its published patent, copyright and technology transfer procedures, if any, and in the absence of such procedures such revenue will be managed by the Grantee in accordance with procedures approved by the Foundation. Such procedures typically will prioritize the distribution of revenues to insure that the Grantee first honors its obligation to its inventors and then to cover its own out-of-pocket expenses as necessary to protect its intellectual property.

The Grantee and Foundation further agree that should there be any revenue generated greater than that necessary to meet the obligations of the preceding paragraph ("Net Revenue"), the Net Revenue shall be managed by the Grantee as follows:

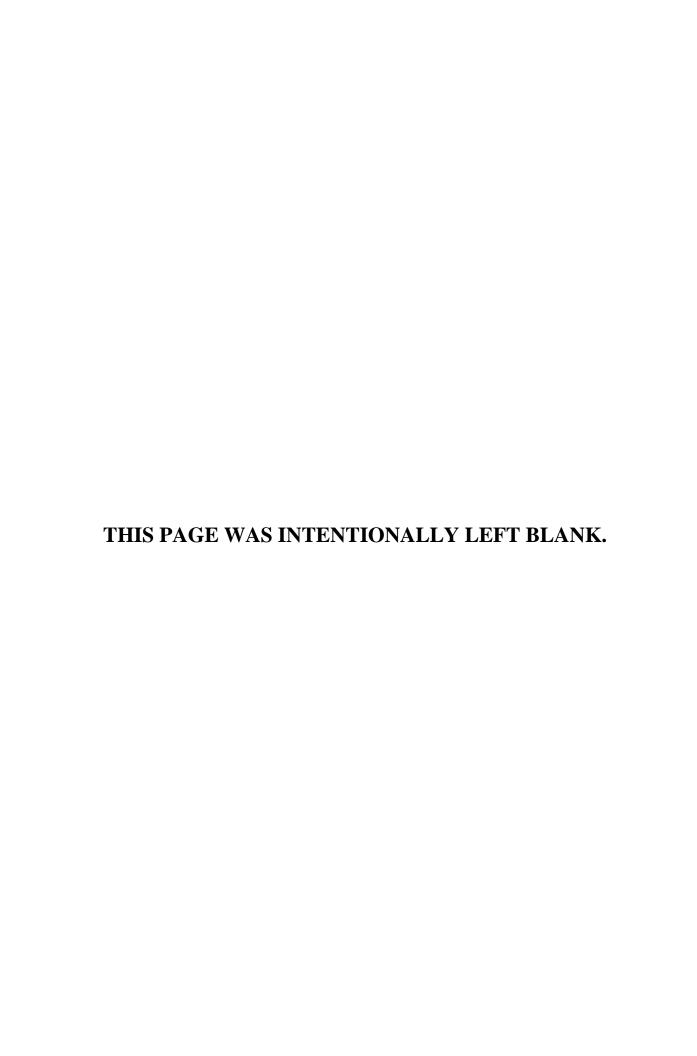

- a) 15% of the Net Revenue will be retained by the Grantee as a fee for the management and distribution of funds as required under this Agreement.
- b) 30% of the remaining Net Revenue will be paid to the Foundation.
- c) 70% of the remaining Net Revenue will be retained by the Grantee and used in accordance with the procedures referenced in the preceding paragraph above.

The Grantee's obligations pursuant to this Section will continue beyond the expiration of the funding period.

- 16. Independent entity: The Grantee acknowledges and agrees that the Grantee is an entity independent from the Foundation, is not an agent of the Foundation, and is not authorized to bind the Foundation to any agreement of payment for goods or services. The Grantee is responsible for payment of all its expenses, including rent, office expenses and all forms of compensation to employees. It shall provide workers compensation insurance to the extent required for its operations and shall accept full responsibility for payments of unemployment compensation, social security, income taxes and any other charges, taxes or payroll deductions required by law in connection with its operations, for itself and its employees. All expenses incurred by the Grantee are the sole responsibility of the Grantee, and the Foundation shall not be liable for the payment of any obligations incurred in the performance of the project funded.
- 17. Non-discrimination: The Grantee shall not discriminate by reason of age, race, ethnicity, religion, color, sex, national origin, or handicap related to the activities of a project funded by the Foundation.
- 18. Publicity: All publicity and printed materials regarding projects or activities supported in whole or in part by this grant should contain the following language: "This project received support from The Golden LEAF Foundation." The Golden LEAF logo is to be displayed in all of the Grantee's publicity and printed materials relating to this grant. Please contact Jenny Tinklepaugh (jtinklepaugh@goldenleaf.org) for digital versions of the logo.
- 19. Authority to execute/Necessary Approvals Obtained: The individual signing below certifies his or her authority to execute this Agreement on behalf of the Grantee and that the Grantee has received any third party approval that may be required prior to entering this Agreement. By executing this Agreement, the Grantee, to induce the Foundation to make this grant, makes each of the representations set forth hereinabove and certifies that each of such representations is true, accurate and complete as of the date hereof.

GRANTEE ACKNOWLEDGMENT AND AGREEMENT

1. Grantee:	County of Bertie
-------------	------------------

- 2. Project File Number & Title: FY2017-207 / Cooperative Extension Facility
- 3. Purpose of Grant: Tropical Storm Julia and Hurricane Matthew flooded Bertie County's Cooperative Extension Service building and its Public Library. Funding available from FEMA will not be sufficient to replace these facilities. This Golden LEAF grant will support planning, design, and engineering for a new building located outside of the floodplain that will house the library and cooperative extension offices. A site has been identified and will be acquired by the County.

4.	Amount of Grant:	\$500,000.00	
5.	Award Date:	6/1/2017	Start Date:

- 6. Special Terms and Conditions Applicable to Grant:
 - a) The term of the grant is 18 months, commencing on the Award Date unless the Grantee proposes a later Start Date that is accepted by Golden LEAF. Golden LEAF may extend the term of the Grant. The provisions of this agreement that by their nature extend beyond the term of the grant will survive the end of the term of the grant.
 - b) Funds to be used for site preparation and planning; release of funds is conditioned on the Grantee securing the property on which the new facility will be constructed.
 - c) Release of funds is conditioned on Grantee securing sufficient funds to complete the project.
 - d) Golden LEAF funds may not be used for acquisition of interests in real property.
- 7. Standard conditions on the release of grant funds:
 - a) Release of grant funds is contingent on Grantee attending a Golden LEAF grants management workshop or participating in satisfactory discussions with Golden LEAF staff to gain training in the management of Golden LEAF grants and reporting requirements.
 - b) For non-governmental grantees, release of funds is contingent on Grantee providing the Foundation with a copy of the Grantee's policy regarding conflicts of interest with evidence that the policy has been adopted by the Grantee's board of directors.
 - c) Release of funds is contingent on Grantee returning a fully executed original of this Grantee Acknowledgment and Agreement no later than three months after the Award Date, unless the Foundation agrees to extend the deadline for its submission.
 - d) Release of funds is contingent on Grantee submitting a project management plan ("PMP") that Golden LEAF has approved. The PMP must be submitted within three months of the Award Date, unless the Foundation agrees to extend the deadline. Unless otherwise approved, the PMP must be submitted on the Golden LEAF PMP form. The Grantee agrees to work with Golden LEAF staff to identify key activities and milestones that are critical to successful implementation of the grant, outcomes that will be used to assess the success and effectiveness of the project, baseline data from which progress can be measured, individuals responsible for implementing identified tasks, deadlines for each activity and milestone, and an overall project time line. Grantee must submit documentation to verify the baseline data with the PMP. The Grantee may be required to report results and accomplishments to Golden LEAF for a period beyond the grant term that is reasonably necessary to evaluate the outcomes of the grant.
 - e) Release of funds is contingent on the Grantee submitting a project budget that Golden LEAF has approved. The project budget must be submitted within three months of the Award Date unless the

- Foundation agrees to extend the deadline. Unless otherwise approved, the project budget must be submitted on the Golden LEAF Budget and Expense Tracking Form.
- f) If the Grantee fails to comply with its obligations under this Agreement, no further grant funds will be released unless such noncompliance is resolved to the satisfaction of Golden LEAF.
- 8. Confirmation of Eligibility/Permissible use of Funds: The Grantee confirms: (1) that the Internal Revenue Service has determined that the Grantee is an organization described in Section 501(c) (3) of the Internal Revenue Code of 1986, as amended, and that such determination has not been revoked, or (2) that the Grantee is a federal, state or local governmental unit. Grantee agrees to notify the Foundation promptly if the Grantee's tax-exempt status is revoked or modified in any way. The Grantee agrees that it will use the funds from this grant only for charitable, educational, or scientific purposes within the meaning of Section 501(c)(3) of the Code, and that it will not use the funds from this grant in any way that would result in or give rise to private inurement or impermissible private benefit. The Grantee agrees that no funds from this grant will be used to carry on propaganda or otherwise to attempt to influence legislation, to influence the outcome of any public election, or to carry on directly or indirectly any voter registration drive. The Grantee agrees that it will not use any of these grant funds to make any expenditure or grant that does not comply with the requirements of Section 4945(d)(3) or (4) of the Code or to undertake any activity for any purpose other than one specified in Section 170(c)(1) or Section 170(c)(2)(B) of the Code. If grant funds are used to pay for sales tax for which the Grantee receives a refund, Grantee will use the refund for expenses that are consistent with the purpose of the grant and permissible under this Agreement. Unless otherwise agreed by the Foundation in writing, no portion of the Grantee's rights or obligations under this Agreement may be transferred or assigned to any other entity.
- 9. Compliance with laws/liens: The Grantee is in material compliance with all federal, state, county, and local laws, regulations, and orders that are applicable to the Grantee, and the Grantee has timely filed with the proper governmental authorities all statements and reports required by the laws, regulations, and orders to which the Grantee is subject. There is no litigation, claim, action, suit, proceeding or governmental investigation pending against the Grantee, and there is no pending or (to the Grantee's knowledge) threatened litigation, claim, action, suit, proceeding or governmental investigation against the Grantee that could reasonably be expected to have a material adverse effect upon the Grantee's ability to carry out this grant in accordance with its terms. The Grantee has timely paid all judgments, claims, and federal, state, and local taxes payable by the Grantee the non-payment of which might result in a lien on any of the Grantee's assets or might otherwise adversely affect the Grantee's ability to carry out this grant in accordance with its terms.
- 10. Project and budget modification: The Grantee agrees to immediately notify the Foundation of anything that may materially affect the Grantee's ability to perform the project funded. If the Grantee proposes to modify the budget, the objectives, or any other feature of the project funded, the Grantee shall not encumber or expend any funds from this grant for such purposes unless and until the Foundation has approved such proposed modifications in writing. Moreover, no further payments shall be made to the Grantee in connection with the project funded unless and until the Foundation has approved such proposed modifications in writing.
- 11. Use of grant funds/rescission and termination of grants: The Grantee accepts and will retain full control of the disposition of funds awarded to the Grantee by the Foundation under this grant, and accepts and will retain full responsibility for compliance with the terms and conditions of the grant. Grant funds shall be utilized exclusively for the purposes set forth above. If the Grantee breaches any of the covenants or agreements contained in this Agreement, uses grant funds for purposes other than those set out above, or any of the representations and warranties made by the Grantee are untrue as to a material fact, the Grantee agrees to repay to the Foundation the full amount of this grant. Any condition, purpose, term or provision in the Foundation's resolution approving funding or in this Agreement shall take precedence over any conflicting provision in the Grantee's application.

The Grantee acknowledges receipt of the following policy regarding termination and rescission of grants, which is intended to supplement but not replace or limit the rights and remedies of the Foundation set forth elsewhere in this Agreement. The Grantee acknowledges that the Foundation may, from time to time, amend its policy regarding termination and rescission of grants, and the Grantee acknowledges that the Grantee will be subject to the policy as amended.

Policy Regarding Rescission and Termination of Grants. Rescission of a grant revokes the grant award. When funds have been disbursed to a Grantee by the Foundation and a grant is rescinded, the Grantee may be liable for repayment to the Foundation for an amount up to the total of grant funds received by the Grantee. Termination of a grant ends the grant on a going-forward basis, and the Grantee is responsible for repayment to the Foundation of only that portion of the grant funds that has been disbursed but not expended by the Grantee in accordance with the terms of the grant.

A grant may be rescinded or terminated at any time in the discretion of the Foundation for the Grantee's failure to comply with its obligations under this Agreement or if any of the Grantee's representations and warranties in this Agreement are or become untrue as to a material fact. Reasons for rescission or termination of a grant include but are not limited to the following:

- a. The Grantee has not signed and delivered to the Foundation the Grantee Acknowledgment and Agreement within three (3) months of the Award Date set out in Section 5, above.
- b. The Grantee has failed to complete the project within the grant term established by this Agreement or any extensions thereof.
- c. The Grantee's tax-exempt status has been modified or revoked.
- d. The Grantee is unable, or has failed or refused, to comply with a material term or condition of the grant.
- e. The Grantee has experienced a change in circumstances that is likely to have a material adverse effect upon the Grantee's ability to accomplish fully the purposes of the grant (e.g., loss of collateral funding, loss of key personnel, etc.).
- f. The Grantee has failed or refused to submit a report, statement, accounting or return required by this Agreement or applicable law.
- g. The Grantee has materially modified its budget for the project, and such material modification has not been approved by the Foundation.
- h. The Grantee commits a material violation of the Internal Revenue Code, or uses grant funds for some purpose not permitted by the Internal Revenue Code or for some purpose not contemplated by the grant.
- i. The Grantee breaches any of the covenants or agreements contained in this Grantee Acknowledgment and Agreement.
- j. The Grantee requests that the grant be rescinded or terminated.

It is anticipated that a grant will be rescinded in situations in which no grant funds have been disbursed. Where grant funds have been disbursed, it is anticipated that a grant will be rescinded in the case of more serious violations (including, without limitation, use of grant funds for some purpose not contemplated by the grant or in violation of the Internal Revenue Code, or upon other affirmative misconduct of the Grantee), and that termination of a grant will occur in the case of the less serious instances of non-compliance or where the circumstance giving rise to termination is not the result of misconduct of the Grantee.

If the Board of Directors of the Foundation determines that a grant should be rescinded or terminated, the Foundation will notify the Grantee of that decision. The Foundation may choose to notify the Grantee that the grant is subject to rescission or termination unless the Grantee remedies the noncompliance and establish deadlines or other limitations on the Grantee's opportunity to remedy the noncompliance. If the Foundation allows the Grantee the opportunity to correct the noncompliance, no further grant funds shall be advanced until the noncompliance is remedied.

- 12. Release of Funds: Unless otherwise agreed by the Foundation, up to twenty percent (20%) of funds may be released in advance after all conditions on the release of funds are satisfied. Funds may be released in additional advances of up to twenty percent (20%) of the grant amount upon receipt of evidence satisfactory to the Foundation that funds previously released have been properly expended and accounted for. Funds may instead be released on a reimbursement basis, in which case payments may be made in an amount equal to or up to eighty percent (80%) of the grant amount upon receipt of evidence satisfactory to the Foundation that funds have been properly expended and accounted for. Unless otherwise approved by the President of the Foundation, a sum equal to twenty percent (20%) of the total amount of the grant will be retained by the Foundation until the Grantee completes its obligations under this grant, including submission of a satisfactory final report on the project funded. This final twenty percent (20%) retained by the Foundation shall be paid to the Grantee on a reimbursement basis. If the grant is conditional or contingent, all conditions and contingencies must be met before any payment will be made. Each request for payment shall be in writing and shall certify that the Grantee has performed in accordance with the terms and provisions of its Grantee Acknowledgment and Agreement, and that such Grantee is entitled under the terms of such Agreement to receive the amount so requested. Each request should be made to Mr. Dan Gerlach, President, The Golden LEAF Foundation, 301 N. Winstead Avenue, Rocky Mount, NC 27804. Payment should not be requested until the Grantee has need for actual expenditures of the funds. The Grantee should request payment at least thirty (30) days prior to its desired payment date.
- 13. Reporting: The Grantee agrees to submit a Progress Report to the Foundation biannually, to be received by the Foundation six months from the date of award and every six months thereafter. The Grantee agrees to submit a final Progress Report for receipt by the Foundation within sixty (60) days after the completion of all obligations for the project funded or the end date, whichever comes first. Report forms may be found on the Foundation's website, www.goldenleaf.org. The Grantee will furnish additional or further reports if so requested by the Foundation on forms prescribed by the Foundation.
- 14. Records: The Grantee agrees to maintain full, accurate and verifiable financial records, supporting documents, and all other pertinent data for the project funded in such a manner so as to identify and document clearly the activities and outcomes of the project funded and the expenditure of Foundation funds. Financial records regarding the Foundation's grant shall be kept separate from accounts for other awards, monetary contributions, or other revenue sources for the project funded. The Grantee agrees to retain all financial and programmatic records, supporting documents, and all other pertinent records related to the project funded for a period of five (5) years from the end of the grant funding period. In the event such records are audited, all project records shall be retained beyond such five-year period until all audit findings have been resolved. The Grantee shall provide to the Foundation copies of all financial and other records requested by the Foundation and shall make available to the Foundation, or the Foundation's designated representative, all of the Grantee's records that relate to the project funded, and shall allow the Foundation or the Foundation's representative to audit, examine and copy any data, documents, proceedings, records and notes of activity relating to the project. Access to these records shall be allowed upon request at any time during normal business hours and as often as the Foundation or its representative may deem necessary. The Grantee may be subject to audit by the State Auditor.

15. This Section 15 is applicable if the following blank is marked:	Staff Initials & date:
---------------------------------------------------------------------	------------------------

Intellectual property/New Developments: In consideration of its receipt of funds granted by the Foundation, the Grantee agrees that during the course of the project funded by the grant, the Grantee, and any recipient of grant funds, will promptly disclose to the Foundation any improvements, inventions, developments, discoveries, innovations, systems, techniques, ideas, processes, programs, and other things, whether patentable or unpatentable, that result from any work performed by or for the Grantee in connection with the project funded, or by individuals whose work is funded by the grant (the "New Developments"). If the Grantee provides to the Foundation a copy of any Invention Disclosure Reports it receives from Grantee employees that report making

inventions under this Agreement, then the Grantee will be deemed to have satisfied the disclosure requirement in the preceding sentence.

The Grantee agrees that it, and any recipient of grant funds, shall take all reasonably appropriate actions to assure that the New Developments shall be and remain the sole and exclusive property of the Grantee. In the event that the interests of the public would be served by commercialization of the New Developments, the Grantee agrees to use its best reasonable efforts to pursue the commercialization of any such New Developments in a manner that will serve the interests of the public, including but not limited to the transfer, assignment or licensing of such New Developments; provided, however, that the Grantee, and any recipient of grant funds, shall not transfer, assign or license such New Developments in part or in whole without first having obtained the written consent of the Foundation.

Any revenue generated as a result of transferring, assigning, or licensing New Developments will be managed by the Grantee in accordance with its published patent, copyright and technology transfer procedures, if any, and in the absence of such procedures such revenue will be managed by the Grantee in accordance with procedures approved by the Foundation. Such procedures typically will prioritize the distribution of revenues to insure that the Grantee first honors its obligation to its inventors and then to cover its own out-of-pocket expenses as necessary to protect its intellectual property.

The Grantee and Foundation further agree that should there be any revenue generated greater than that necessary to meet the obligations of the preceding paragraph ("Net Revenue"), the Net Revenue shall be managed by the Grantee as follows:

- a) 15% of the Net Revenue will be retained by the Grantee as a fee for the management and distribution of funds as required under this Agreement.
- b) 30% of the remaining Net Revenue will be paid to the Foundation.
- c) 70% of the remaining Net Revenue will be retained by the Grantee and used in accordance with the procedures referenced in the preceding paragraph above.

The Grantee's obligations pursuant to this Section will continue beyond the expiration of the funding period.

- 16. Independent entity: The Grantee acknowledges and agrees that the Grantee is an entity independent from the Foundation, is not an agent of the Foundation, and is not authorized to bind the Foundation to any agreement of payment for goods or services. The Grantee is responsible for payment of all its expenses, including rent, office expenses and all forms of compensation to employees. It shall provide workers compensation insurance to the extent required for its operations and shall accept full responsibility for payments of unemployment compensation, social security, income taxes and any other charges, taxes or payroll deductions required by law in connection with its operations, for itself and its employees. All expenses incurred by the Grantee are the sole responsibility of the Grantee, and the Foundation shall not be liable for the payment of any obligations incurred in the performance of the project funded.
- 17. Non-discrimination: The Grantee shall not discriminate by reason of age, race, ethnicity, religion, color, sex, national origin, or handicap related to the activities of a project funded by the Foundation.
- 18. Publicity: All publicity and printed materials regarding projects or activities supported in whole or in part by this grant should contain the following language: "This project received support from The Golden LEAF Foundation." The Golden LEAF logo is to be displayed in all of the Grantee's publicity and printed materials relating to this grant. Please contact Jenny Tinklepaugh (jtinklepaugh@goldenleaf.org) for digital versions of the logo.
- 19. Authority to execute/Necessary Approvals Obtained: The individual signing below certifies his or her authority to execute this Agreement on behalf of the Grantee and that the Grantee has received any third party approval

that may be required prior to entering this Agreement. By executing this Agreement, the Grantee, to induce the Foundation to make this grant, makes each of the representations set forth hereinabove and certifies that each of such representations is true, accurate and complete as of the date hereof.

Subject: FW: Request to Move Funds

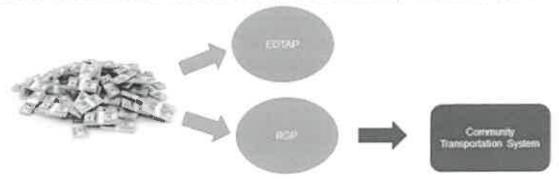

Hello Melissa and Sandra,

Thank you for the request to transfer ROAP funds. (I am not certain who Jack Flaherty is/was.)

Sandra, referencing our conversation, I misunderstood the contents of the letter. The request is from Bertie County to transfer FY 17 funds, not for subsequent years. Employment funds can be transferred as a whole or in part to the RGP program. Please see the guidelines below. The funds transferred to RGP must be suballocated to the Community Transportation System (CPTA) and would take on those rules - local match required.

Eligible Use of Funds

- EMPL funds CAN be transferred, as a whole or in part, to the EDTAP or RGP programs.
 - EMPs, funds transferred to EDTAP or RQP assume the requirements of the program to which they a transferred
 - EMPL funds transferred to RGP must be sub-allocated to the Community Transportation System.

\$100 EMPL = \$90 RGP & \$10 Local Match

__

The request is approved. Please let me know if you have any questions.

Dear Mr. Flaherty,

Bertie County is requesting your approval to transfer Employment Transportation Assistance (EMP) funds for FY 2016-2017 to Rural General Public (RGP) Transportation Program to utilize all of the funds allocated to Bertie County.

The Bertie County Department of Social Services receives the EMP funds and is unable to use the \$7,432.00.

All of the employment transportation needs have been met and these remaining funds would best be used in the RGP Transportation Program because their funds run out early in the year and they continue to serve all of the population of Bertie County. Please approve this request to transfer funds to better serve the community.

Sincerely,

William Roberson

We recommend you keep in a safe place, out of the reach of future flooding, all repair receipts and invoices documenting the completion of the building repairs, and if applicable, the repair/replacement of your personal property. Thus, in the event you are flooded again, the adjuster will be better able to verify that the building repairs were completed, and if applicable, the age, condition and value of of the personal property. This will greatly expedite the handling of any future claim.

Date of Loss: 09/22/2016 Reference No: 87055062772015

Dear Bertie County:

Please be advised the below referenced flood claim payments were previously sent out under separate cover:

Building covered damages \$85,183.91 Building deductible = \$10,000.00 Building Amount = \$75,183.91

Contents covered damages \$34,779.17 Contents deductible - \$10,000.00 Excess over limit - \$ 4,799.17 Contents Amount = \$20,000.00

With regard to the above referenced flood claim, I am hereby complying with the Standard Flood Insurance Policy's requirement regarding payment or rejection of the insured's Proof of Loss within 60 days of its being filed by the insured. We are rejecting the difference of \$6,382.50 from the signed Proof of Loss in the amount of \$101,566.41 and the claim payment of \$95,183.91, pursuant to the Standard Flood Insurance Policy, VII. General Conditions, M. Loss Payment as the adjuster has revised the building estimate to remove items not covered on the Caremaster invoice.

The Independent Adjuster's supplemental report includes a water mitigation invoice from Caremaster for the flood loss cleanup/dry out. After careful review of the information submitted, it was determined the Caremaster invoice includes items not covered by the policy, such as commercial supervision. In addition, the invoice include charges for duplicate charges, job site moving and storage, job site moving container, packing paper and tape, and general labor per hour. We are denying payment for these non-covered items, pursuant to the Standard Flood Insurance Policy:

EXCLUSIONS

- We only provide coverage for direct physical loss by or from flood, which means that we do not pay you for:
 - 7. Any other economic loss.

VACATION LEAVE - MAXIMUM ACCUMULATION

Vacation leave may be accumulated without any applicable maximum until the pay period containing December 31 of each calendar year. However, if the employee separates from service, payment for accumulated vacation leave shall not exceed 30 days. During the pay period containing January 25, any employee with more than 30 days shall have the excess accumulation converted to sick leave, provided that three consecutive days of annual leave have been taken in the calendar year, so that only an accumulation of no more than 30 days of vacation leave is carried forward to January 1 of the next calendar year. Based on the workload and nature of the job description, the County Manager is exempt from the maximum accumulation of vacation and comp time as limited by the Personnel Policy.

Thirty (30) Days			
Converted to Hours			
per Employee Job			Law
Class	Regular	Telecommunications	Enforcement/EMS/NET
	225 hours	240 hours	270 hours

Employees are cautioned not to retain excess accumulation of vacation leave until late in the calendar year. Due to the necessity to keep all County functions in operation, large numbers of employees cannot be granted vacation leave at any one time.

If an employee has excess vacation leave accumulation during the latter part of the year and is unable to take such leave because of staffing demands, the employee shall receive no special consideration either in having vacation leave scheduled or in receiving any exception to the maximum accumulation rule. Employees may sell up to 40 hours of vacation or comp time while Department Heads may sell up to 80 vacation hours between November 15 and December 15 each year. Upon selling time if an employee still has more than the maximum allowed annual leave hours they will be required to follow the policy and take three consecutive days of annual leave in the calendar year in order to have all excess hours converted to sick leave.

This poncy adopted this day of, 2010.
