**RECOMMENDATION SUMMARY:**

Motion to accept the preliminary reports as required by North Carolina General Statute 105-373 and to enter the insolvents list into the official minutes of the Board of Commissioners, to accept the settlement report of current and delinquent real and personal property taxes for 2017-2018, and by resolution recharge Jodie Rhea, Tax Administrator, with the collections of the delinquent real and personal property taxes.

**§ 105-373. Settlements.**

**(a) Annual Settlement of Tax Collector. —**

**(1) Preliminary Report. —** After July 1 and before he is charged with taxes for the current fiscal year, the tax collector shall make a sworn report to the governing body of the taxing unit showing:

- a. A list of the persons owning real property whose taxes for the preceding fiscal year remain unpaid and the principal amount owed by each person; and
- b. A list of the persons not owning real property whose personal property taxes for the preceding fiscal year remain unpaid and the principal amount owed by each person. (To this list the tax collector shall append his statement under oath that he has made diligent efforts to collect the taxes due from the persons listed out of their personal property and by other means available to him for collection, and he shall report such other information concerning these taxpayers as may be of interest to or required by the governing body, including a report of his efforts to make collection outside the taxing unit under the provisions of G.S. 105-364.) The governing body of the taxing unit may publish this list in any newspaper in the taxing unit. The cost of publishing this list shall be paid by the taxing unit.

**(2) Insolvents. —** Upon receiving the report required by subdivision (a)(1), above the governing body of the taxing unit shall enter upon its minutes the names of persons owing taxes (but who listed no real property) whom it finds to be insolvent, and it shall by resolution designate the list entered in its minutes as the insolvent list to be credited to the tax collector in his settlement.

**(3) Settlement for Current Taxes. —** After July 1 and before he is charged with taxes for the current fiscal year, the tax collector shall make full settlement with the governing body of the taxing unit for all taxes in his hands for collection for the preceding fiscal year.

a. In the settlement the tax collector shall be charged with:

1. The total amount of all taxes in his hands for collection for the year, including amounts originally charged to him and all amounts subsequently charged on account of discoveries;
2. All penalties, interest, and costs collected by him in connection with taxes for the current year; and
3. All other sums collected by him.

b. The tax collector shall be credited with:

1. All sums representing taxes for the year deposited by him to the credit of the taxing unit or receipted for by a proper official of the unit;
2. Releases duly allowed by the governing body;
3. The principal amount of taxes constituting liens on real property;
4. The principal amount of taxes included in the insolvent list determined in accordance with subdivision (a)(2), above;
5. Discounts allowed by law;
6. Commissions (if any) lawfully payable to the tax collector as compensation; and

7. The principal amount of taxes for any assessment appealed to the Property Tax Commission when the appeal has not been finally adjudicated.

The tax collector shall be liable on his bond for both honesty and faithful performance of duty; for any deficiencies; and, in addition, for all criminal penalties provided by law.

The settlement, together with the action of the governing body with respect thereto, shall be entered in full upon the minutes of the governing body.

- (4) Disposition of Tax Receipts after Settlement. – Uncollected taxes allowed as credits in the settlement prescribed in subdivision (a)(3), above, whether represented by tax liens held by the taxing unit or included in the list of insolvents, shall, for purposes of collection, be recharged to the tax collector or charged to some other person designated by the governing body of the taxing unit under statutory authority. The person charged with uncollected taxes shall:

- a. Give bond satisfactory to the governing body;
- b. Receive the tax receipts and tax records representing the uncollected taxes;
- c. Have and exercise all powers and duties conferred or imposed by law upon tax collectors; and
- d. Receive compensation as determined by the governing body.

(b) Settlements for Delinquent Taxes. – Annually, at the time prescribed for the settlement provided in subdivision (a)(3), above, all persons having in their hands for collection any taxes for years prior to the year involved in the settlement shall settle with the governing body of the taxing unit for collections made on each such year's taxes. The settlement for the taxes for prior years shall be made in whatever form is satisfactory to the chief accounting officer and the governing body of the taxing unit, and it shall be entered in full upon the minutes of the governing body.

(c) Settlement at End of Term. – Whenever any tax collector fails to succeed himself at the end of his term of office, he shall, on the last business day of his term, make full and complete settlement for all taxes (current or delinquent) in his hands and deliver the tax records, tax receipts, tax sale certificates, and accounts to his successor in office. The settlement shall be made in whatever form is satisfactory to the chief accounting officer and the governing body of the taxing unit, and it shall be entered in full upon the minutes of the governing body.

(d) Settlement upon Vacancy during Term. – When a tax collector voluntarily resigns, he shall, upon his last day in office, make full settlement (in the manner provided in subsection (c), above) for all taxes in his hands for collection. In default of such a settlement, or in case of a vacancy occurring during a term for any reason, it shall be the duty of the chief accounting officer or, in the discretion of the governing body, of some other qualified person appointed by it immediately to prepare and submit to the governing body a report in the nature of a settlement made on behalf of the former tax collector. The report, together with the governing body's action with respect thereto, shall be entered in full upon the minutes of the governing body. Whenever a settlement must be made in behalf of a former tax collector, as provided in this subsection (d), the governing body may deliver the tax receipts, tax records, and tax sale certificates to a successor collector immediately upon the occurrence of the vacancy, or it may make whatever temporary arrangements for the collection of taxes as may be expedient, but in

no event shall any person be permitted to collect taxes until he has given bond satisfactory to the governing body.

(e) Effect of Approval of Settlement. – Approval of any settlement by the governing body does not relieve the tax collector or his bondsmen of liability for any shortage actually existing at the time of the settlement and thereafter discovered; nor does it relieve the collector of any criminal liability.

(f) Penalties. – In addition to any other civil or criminal penalties provided by law, any member of a governing body of a taxing unit, tax collector, or chief accounting officer who fails to perform any duty imposed upon him by this section shall be guilty of a Class 1 misdemeanor.

(g) Relief from Collecting Insolvents. – The governing body of any taxing unit may, in its discretion, relieve the tax collector of the charge of taxes owed by persons on the insolvent list that are five or more years past due when it appears to the governing body that such taxes are uncollectible.

(h) Relief from Collecting Taxes on Classified Motor Vehicles. The board of county commissioners may, in its discretion, relieve the tax collector of the charge of taxes on classified motor vehicles listed pursuant to G.S. 105-330.3(a)(1) that are one year or more past due when it appears to the board that the taxes are uncollectible. This relief, when granted, shall include municipal and special district taxes charged to the collector. North Carolina General Statute 105-321  
Authorization to Collect

**§ 105-321. Disposition of tax records and receipts; order of collection.**

(a) County tax records shall be filed in the office of the assessor unless the board of county commissioners shall require them to be filed in some other public office of the county. City and town tax records shall be filed in some public office of the municipality designated by the governing body of the city or town. In the discretion of the governing body, a duplicate copy of the tax records may be delivered to the tax collector at the time he is charged with the collection of taxes.

(b) Before delivering the tax receipts to the tax collector in any year, the board of county commissioners or municipal governing body shall adopt and enter in its minutes an order directing the tax collector to collect the taxes charged in the tax records and receipts. A copy of this order shall be delivered to the tax collector at the time the tax receipts are delivered to him, but the failure to do so shall not affect the tax collector's rights and duties to employ the means of collecting taxes provided by this Subchapter. The order of collection shall have the force and effect of a judgment and execution against the taxpayers' real and personal property and shall be drawn in substantially the following form:

State of North Carolina

County (or City or Town) of \_\_\_\_\_

You are hereby authorized, empowered, and commanded to collect the taxes set forth in the tax records filed in the office of \_\_\_\_\_ and in the tax receipts herewith delivered to you, in the amounts and from the taxpayers likewise therein set forth. Such taxes are hereby declared to be a first lien upon all real property of the respective taxpayers in the County (or City or Town) of \_\_\_\_\_, and this order shall be a full and sufficient authority to direct, require, and enable you to levy on and sell any real or personal property of such taxpayers, for and on account thereof, in accordance with law.

(c) The original tax receipts, together with any duplicate copies that may have been prepared, shall be delivered to the tax collector by the governing body on or before the first day of September each year if the tax collector has made settlement as required by G.S. 105-352. The tax collector shall give his receipt for the tax receipts and duplicates delivered to him for collection.

(d) Repealed by Session Laws 2006-30, s. 5, effective June 29, 2006.

(e) The governing body of a taxing unit may contract with a bank or other financial institution for receipt of payment of taxes payable at par and of delinquent taxes and interest for the current tax year. A financial institution may not issue a receipt for any tax payments received by it, however. Discount for early payment of taxes shall be allowed by a financial institution that contracts with a taxing unit pursuant to this subsection to the same extent as allowed by the

tax collector. A financial institution that contracts with a taxing unit for receipt of payment of taxes shall furnish a bond to the taxing unit conditioned upon faithful performance of the contract in a form and amount satisfactory to the governing body of the taxing unit. A governing body of a taxing unit that contracts with a financial institution pursuant to this subsection shall publish a timely notice of the institution at which taxpayers may pay their taxes in a newspaper having circulation within the taxing unit. No notice is required, however, if the financial institution receives payments only through the mail.

(f) **Minimal Taxes.** - Notwithstanding the provisions of G.S. 105-380, the governing body of a taxing unit that collects its own taxes may, by resolution, direct its assessor and tax collector not to collect minimal taxes charged on the tax records and receipts. Minimal taxes are the combined taxes and fees of the taxing unit and any other units for which it collects taxes, due on a tax receipt prepared pursuant to G.S. 105-320 in a total original principal amount that does not exceed an amount, up to five dollars (\$5.00), set by the governing body. The amount set by the governing body should be the estimated cost to the taxing unit of billing the taxpayer for the amounts due on a tax receipt or tax notice. Upon adoption of a resolution pursuant to this subsection, the tax collector shall not bill the taxpayer for, or otherwise collect, minimal taxes but shall keep a record of all minimal taxes by receipt number and amount and shall make a report of the amount of these taxes to the governing body at the time of the settlement. These minimal taxes shall not be a lien on the taxpayer's real property and shall not be collectible under Article 26 of this Subchapter. A resolution adopted pursuant to this subsection must be adopted on or before June 15 preceding the first taxable year to which it applies and remains in effect until amended or repealed by resolution of the taxing unit. The presentation included a summary of her final report of the Cashie River Basin storm water control and flow diversion feasibility study that was ordered by the Bertie County Board of Commissioner and the Town of Windsor approximately one year ago.

The research team from NC State investigated all elements of flood prevention and causation in the County including roadside culverts and ditching. The team also discussed how other Eastern Carolina rivers can provide additional hazards to the Roanoke and Cashie River during major rain events.

## **WORK SESSION**

### **Golden LEAF Foundation (GLF) Projects**

#### **NCSU Cashie River Basin storm water control and flow diversion feasibility study:**

The Board has received the final report as of July 2, 2018.

A date was needed so that the study conductors could host a public presentation of their report in conjunction with NCSU study update by Dr. Stan Riggs.

After reviewing their schedules, the Board members proposed a date of September 11<sup>th</sup> at 7:00 PM. The location discussed was the Bertie High School Auditorium and the date itself could change based on the schedules of the two other commissioners that are currently absent from this meeting.

The next step the County would need to follow is the hiring of an engineering firm to implement any viable flooding solutions. There was some discussion also about reintegrating the various mills and mill ponds into the flood prevention plan.

### **Teacher Housing Initiative**

County Manager Sauer reported that SECU Foundation financing was approved for the Windsor Township Development Commission with two contingencies: legislation status and NC Local Government Commission's written approval of County's role as property manager, which needs to be further clarified in the Memorandum of Understanding, and verbal approval on financing thus far.

Vice Chairman Wesson stated that the needed written approval should be received by the end of this week. The SECU Foundation mentioned the money is there when the County is ready as long as the County will be the "managerial body" of the project, Vice Chairman Wesson continued.

For the media present, the Board made specific clarification that "the money" is being borrowed by the Windsor Township Development Commission, and the County would not handle the financial side of the project.

There was also additional discussion about the logistics of maintaining and providing proper response to renters with plumbing and other issues that might arise with each apartment.

## **Library/Cooperative Extension Joint Use Facility**

GLF is seeking definitive plan of action.

Phase One Environmental Scan is underway, as due diligence in advance of exercising option to purchase.

## **ICMA/NCACC Management Fellow Updates**

ICMA/NCACC Management Fellow, Dominique Walker provided a Poverty Commission update. She reported that a program called Reconnect NC was looking for submissions for five (5) counties to participate in a pilot program that is designed to explore the root cause of disconnect in select communities across the state and work with partners and community stakeholders to identify solutions to reconnect rural and urban areas.

County Manager Sauer noted that if Bertie's Poverty Commission was selected to participate, it could require travel expenses for members of the Poverty Commission to attend various meetings across the state. A budget amendment will be forthcoming if the project is approved for Bertie County, noted Mr. Sauer.

Mr. Sauer also stated that the County could utilize a current relationship with Enterprise Rent A Car to assist in the transportation costs, and also noted that the Board could expect budget amendments in the future to assist with this endeavor.

The consensus of the Board was to forward and keep them informed of any further updates and whether or not Bertie County is selected to participate.

On another note, Mr. Sauer encouraged the Board to consider sending Ms. Walker to the ICMA National Conference this September in Baltimore, MD. He stated that these conferences are always very well done and provide great opportunities for networking and professional development. Per the ICMA/NCACC contract of Miss Walker's internship, the ICMA offers waived registration fees to fellows, and the County would only be responsible for hotel, mileage/travel, and meal expenses. He reiterated to the Board that a budget amendment would also be needed for this item as it was not considered during the latest budget cycle.

Lastly, Ms. Walker discussed her presentation planned for later today with Bertie County Public Schools Superintendent, Dr. Catherine Edmonds. Ms. Walker's goal was to introduce the mission of the Equal Justice Initiative, as well as to suggest a book entitled, "Just Mercy" to the school system as a part of the "One Book, One District" project. She also wanted to propose that a select group of students be sent to Montgomery, Alabama to visit the memorials at the Equal Justice Initiative headquarters.

### **Letter received by Holley Trash Service from Republic Services**

Late last week, Coleman Holley of Holley Trash Service received a letter from Republic Services notifying him that he would be charged a tipping fee of \$54.00 per ton of refuse brought into the County's landfill. The letter mentioned that Republic believe Mr. Holley was hauling refuse from non-Bertie residents.

After a brief discussion, the Board came to the consensus to have the County Attorney draft a letter on the County's behalf stating their opposition to this tipping fee.

The Board did not feel it was fair to treat government entities such as the Town of Windsor one way, and to treat private services differently regarding tipping fees.

County Attorney Smith iterated several times that the current solid waste franchise agreement is vague in terms of which "persons" should or should not be charged to use the County's landfill, and the Board's argument was that any citizen should be able to dispose of their trash at the County landfill, free of charge, even if this is through a private service such as Holley Trash Service. Especially if Mr. Holley is not hauling industrial waste and is himself a citizen of Bertie County.

The legal team will move forward with a response on behalf of the County about this matter.

### **Lancaster Property—Mr. Albi Albrecht, Architect with MHAworks**

County Manager Sauer, along with Mr. Albi Albrecht of MHAworks, provided a project update for site development and the proposed site plan especially as it relates to the incorporation of project scope adjustments (per meeting with Chair Bazemore and Commissioner Trent on May 23, 2018).

Cost reductions, value engineering and programming adjustments have all been to discussed in order to meet reduced scope of work.

The topographic aspects will be received from the surveyor in the coming days, and that will be added to new versions of the site map for Highway 17/S. King Street just off of near Harrell Heights Road and Lancaster Avenue

The Board also discussed a future joint facility project to replace the current Parks and Rec/Council on Aging building. An additional work session date of September 10<sup>th</sup> was discussed for the Board to see a final project design and site plan concept and to discuss any other ways to incorporate citizen involvement in the project (i.e. donation of benches to outdoor walk ways, etc.)

## CLOSED SESSION

At this time, County Attorney Smith advised the Board that a Closed Session was needed pursuant to **N.C.G.S. § 143-318.11(a)(3)** to consult with the County Attorney in order to preserve the attorney-client privilege that exists between the attorney and this public body and pursuant to **N.C.G.S. § 143-318.11(a)(5)** to establish, or to instruct the public body's staff or negotiating agents concerning the position to be taken by or on behalf of the public body in negotiating (i) the price and other material terms of a contract or proposed contract for the acquisition of real property by purchase, option, exchange, or lease; or (ii) the amount of compensation and other material terms of an employment contract or proposed employment contract.

Chair Bazemore called for a motion. Commissioner Trent made a **MOTION** to go into Closed Session pursuant to **N.C.G.S. § 143-318.11(a)(3)** and **N.C.G.S. § 143-318.11(a)(5)**. Vice Chairman Wesson **SECONDED** the motion. The **MOTION PASSED** unanimously.

Chair Bazemore called a motion to return to Open Session. Commissioner Trent made a **MOTION** to return to Open Session. Vice Chairman Wesson **SECONDED** the motion. The **MOTION PASSED** unanimously.

County Attorney Smith will review easement and deed restrictions for adjacent property (10.35 acres) near the beach path, and review strategies to address and resolve long term interests.

### **Review and discuss upcoming agenda items for August 6<sup>th</sup> and September 10<sup>th</sup> as it relates to:**

The Board briefly discussed several opportunities for the Board to capitalize on the positive changes happening in Bertie via professional style newsletters, social media posts, and other mediums for future publication. The first of which will be one page, 2-sided insert placed into revaluation notices in mid-August. The next would be a 12-page magazine style booklet similar to what community colleges and other government entities in the area have circulated recently.

Additionally, County Manager Sauer reiterated the importance of the quarter cent local option sales tax voter referendum that has been submitted to the Board of Elections for the November 2018 ballot. All Board members present still shared the same desire to see the school system partner with the County to properly advertise this referendum in order to offer teacher supplements.

A Republic Services public hearing was recently postponed until September 10<sup>th</sup>. The public hearing is being held to give citizens the opportunity to share their comments or concern regarding the extension of the franchise renewal amendment and landfill host agreement.

Lastly, the Board discussed the latest updates about the Tri-County Airport Height Restriction and will review mapping of impacted areas and a list impacted of property owners at their next meeting on August 6th.

#### **Other updates:**

County Manager Sauer reported that the Region Q Workforce Development Board recently voted to privatize its service providers and proposed use of County office space currently occupied by CADA and other program partners. At this time, the out of state, for-profit entity, is seeking to occupy the same space for the same rent amount and the County has proposed a monthly rate of \$1,200 which includes utilities.

The First Colony Foundation and Site X project development are still underway and additional excavation on Salmon Creek will begin soon.

County Manager Sauer also reported that a settlement had been reached in a recent EEOC mediation process and that the Board would be presented with a document to approve at their next meeting.

A recent visit was also completed with a representative from People for the Ethical Treatment of Animals (PETA). During this meeting, the representative noted their ongoing work in the County assisting residents with spaying, neutering, vaccinating, and providing complimentary dog houses to those in need of additional assistance with their pets.

County Manager Sauer also received interest from Dr. Dennis Bazemore, Vice President for Student Life, of Campbell University. Dr. Bazemore is interested in supporting an upcoming project involving EMT- Paramedicine program or other matter of public health.

This could also provide an opportunity to improve community health outcomes in which Campbell University may be interested in participating.

Dr. Bazemore will be in Bertie for a visit at 1:00PM on August 21<sup>st</sup>.

The Board has recently expressed interest in an update of the 2020 Census. At this time, County Manager Sauer reported that no new information had been received.

Also, the Board was looking to receive an updated draft of the comprehensive recreation plan, and County Manager Sauer reported that the ECU/NC State team should be ready to present at the Board's September meeting.

There's still no reopening date set for the Sans Souci ferry, but the rumor is sometime in September.

County Manager Sauer also received word that the Board could be given the opportunity to purchase two buildings near the courthouse that they could consider demolishing in favor of more courthouse parking.

### **Other related long-range planning:**

County Manager Sauer discussed the possibility of an advancement in the EMS and Emergency Medical Dispatch departments involving a training course for Emergency Medical Dispatch to be qualified to offer basic medical support before Paramedics arrive on scene.

This is a popular practice in other various counties, and this can help free up ERs and ambulance vehicles so that they may be better able to respond to life threatening calls. Wellness checks could also be made through this proposed system if all dispatchers were certified.

The County Manager also reported that he had recently been in contact with Chowan County about possibly merging their jail system with the Bertie-Martin Regional Jail. More discussion would be needed possibly between both Boards of Commissioners.

A receptionist position in the Administration department and an Assistant County Manager position will soon be advertised for recruitment.

The Board also received the latest about the Cashie Golf & Country Club property. No official agreement on paper has been drafted yet. Surveying was supposed to be completed by now, but due to rain, this has been postponed – survey should be completed soon in order to facilitate the transfer of two acres to the Town of Windsor for the firefighter training center to be operated by Martin Community College.

The Board discussed a proposal to transfer the Farm Service Agency to former Sheriff's Office building once Cooperative Extension relocates to their new building.

At that time, Administrative building space (former FSA) can be used for relocating Board of Elections and establishing office space for Commissioner constituent consultation and conference room space.

Subsequent, the Sheriff's drug task force staff can be moved into the old Board of Elections space adjacent to Detective's Office on Taylor Street and existing red brick house can be sold as surplus property.

Lastly, County Manager Sauer noted that the Board could choose to purchase two lots across the street from the former Sheriff's Office containing flood damaged buildings. The Board discussed the possible acquisition of these properties to expand parking for the courthouse and County Administration building.

**ADJOURN**

Chair Bazemore **ADJOURNED** the meeting at approximately 12:30 PM.

## SENIOR CENTER GENERAL PURPOSE FUNDING

### Introduction and Instructions

The Mid-East Commission Area Agency is pleased to announce the availability of funds for use by senior centers to support and develop programming and general operations or to construct, renovate, or maintain senior center facilities. \$1,265,316 in general purpose funding was allocated for senior centers for the current fiscal year. This funding is allocated to the Area Agencies on Aging for distribution to the centers within the region which provide full time programs or will utilize the funding to develop full time programs. Across the state 172 senior centers or developing senior centers will be funded.

The Division of Aging and Adult Services has worked hard to enhance and expand the statewide certification process for senior centers with standards that encourage centers across the state to strive for levels of 'merit' or 'excellence'. An intent of the certification process has been to increase base funding for those who have successfully completed the process. This ensures that funding is being well spent on readily identifiable programs and services and provides an incentive for centers that make investments to meet certification requirements. Therefore, in order to provide an incentive to work toward certification, and to reward those who achieve it, the Division has decided to fund senior centers equally, based upon their certification status. Centers of Merit will receive two shares of the funding of non-certified centers and Centers of Excellence will receive three times the funding of non-certified centers. The objectives for this year are to:

- Allocate funding equally to every center, based upon certification status;
- Require documentation and accountability for the use of funding, and;
- Provide incentives for centers to improve themselves through certification.

Again this year it has been decided to divide the annual appropriation into *shares* based on the total number of senior centers as determined by the Area Agencies on Aging plus extra shares for each senior center which

meets certification status. Uncertified, identified centers will receive one share.

For FY 2018-2019, total funding available to the counties in Region Q will amount to \$46,335. Effective period: July 1, 2018-June 30, 2019.

Your center is eligible to receive:

FY 18-19	Senior Center General Purpose Funding	\$ <u>3,564</u>
	Local Match (25%)	\$ <u>1,118</u>
	TOTAL	\$ <u>4,752</u>

It is the responsibility of the applicant to certify the availability of the local match. The funds require a 25% local match. The funds must be spent first before reimbursed and before **June 30, 2019**. Therefore, projected June expenditures must be reported with May services reported in June otherwise the unutilized portion of your allocation will revert to the state.

Application submissions should include:

- (1) A completed description of proposed activities (add additional pages as needed).
- (2) Certification of the availability of local match.
- (3) A budget for senior center general purpose activities.

Subject: [External] Report of Settlement in the Tyler Caswell case for Monday's consent agenda

Scott,

Here is my Report of Settlement for the EEOC case:

Pursuant to N.C.G. S. 143-318.11(a)(2), the assistant County attorney reports the settlement of Tyler Caswell's EEOC charge of disability discrimination against Bertie County (Charge Number 430-2018-01919). Mr. Caswell was employed by Bertie County as a paramedic. His employment with the County was terminated on December 20, 2017. He filed his complaint with the EEOC on April 17, 2018. The case settled at mediation on July 19, 2018 with the County agreeing to pay Mr. Caswell a total of \$7,500 and agreeing to provide a neutral employment reference, which amounts to only stating his beginning date of employment, position held and ending date of employment.

I informed EEOC from the beginning that the final settlement amount would be paid from public funds and so would have to be officially approved at one of the Commissioners' public meetings.

**SECTION § 1.03: AIRPORT HEIGHT ZONES AND HEIGHT LIMITATIONS**

In order to carry out the provisions of this Ordinance, there are created and established certain zones which include all of the land lying within the instrument approach zones, non-instrument approach zones, transition zones, horizontal zones, and conical zone. Such areas and zones are shown on the [Tri-County Airport Height Restriction Ordinance Map, dated May, 2004](#), which is incorporated by reference and made a part hereof. An area located in more than one (1) of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are established and defined as follows:

- (A) **Primary Surface Zone** - A rectangular surface longitudinally centered on a runway. The elevation of any point on the primary surface is the same as the elevation of the nearest point on the runway centerline.

Runway 1-19: 1,000 feet wide and extends 200 feet beyond each runway end.

- (B) **Approach Surface Zones** – A trapezoidal inclined plane symmetrically centered along the extended runway centerline, longitudinally extending outward and upward from the end of the primary surface. The perimeter of the approach

Bertie County, North Carolina  
Tri-County Airport Height Restriction Ordinance

surface coincides with the perimeter of the approach zone, extending per a boundary and slope defined below, and as shown on the Tri-County Airport Height Restriction Ordinance Map.

<u>Runway End</u>	<u>Inner Width/Length/Outer Width (Slope)</u>
Runway 1 approach surface zone*:	1,000' x 50,000' x 16,000' (0'-10,000' @ 50:1) (10,000' – 50,000' @ 40:1)
Runway 19 approach surface zone**:	1,000' x 50,000' x 16,000' (0'-10,000' @ 50:1) (10,000' – 50,000' @ 40:1)

- \* portion of zone extends into Bertie County.
- \*\* portion of zone extends into Northampton County.

(C) Horizontal Surface Zone\* - A plane, elliptical in shape, with a height one hundred and fifty (150) feet above the established airport elevation and having a specified radius from the center of the primary surface for each runway end. The perimeter of the horizontal surface coincides with the perimeter of the horizontal zone as indicated on the Tri-County Airport Height Restriction Ordinance Map.

Runway 1-19 horizontal radius: 10,000'

- \* portion of zone extends into Northampton County.

(D) Conical Surface Zone\* – A surface, elliptical in shape, extending radially outward and upward from the periphery of the horizontal surface zone at a slope of 20:1 for a horizontal distance of 4,000 feet and vertical elevation of 200 feet above the horizontal surface. The conical surface zone is shown on the Tri-County Airport Height Restriction Ordinance Map.

- \* portion of zone extends into Northampton County.

(E) Transitional Surface Zones – Inclined planes with a slope of 7:1 measured upward and outward in a vertical plane at right angles to the centerline of the runway and approach surfaces. The transitional surface zones, located on either side of the runway and symmetrically parallel to and level with the runway centerline, extend upward and outward from the primary surface and approach surface elevation to a point intersecting the horizontal or conical surface (150 feet above the airport elevation). Where the precision instrument runway approach zone projects beyond the conical zone, there are established height limits sloping 7:1 measured upward and outward beginning at the sides of and at the same elevation as the approach surface, and extending a horizontal distance of 5,000 feet measured at 90 degree angles to the extended runway centerline. The transitional surface zones are shown on the Tri-County Airport Height Restriction Ordinance Map.

Bertie County, North Carolina  
Tri-County Airport Height Restriction Ordinance

Nothing in this Ordinance except as defined by Section 1.03 shall be construed as prohibiting the construction or maintenance of any structure, or growth of any tree, to a height of **50 feet** above the surface of the land.

**SECTION § 1.04 USE RESTRICTIONS**

Notwithstanding any other provisions of this Ordinance, no use may be made of land or water within any approach surface zone, horizontal surface zone, conical surface zone or transitional surface zone, in such manner as to create electrical interference with navigational signals or radio communication between the Airport and aircraft, make it difficult for flyers to distinguish between Airport lights and others, result in glare in the eyes of flyers using the airport, impair visibility in the vicinity of the Airport, create bird strike hazards or otherwise endanger the landing, taking-off or maneuvering of aircraft intending to use the Tri-County Airport.

**SECTION § 1.05 NONCONFORMING USES –  
REGULATIONS NOT RETROACTIVE**

The regulations prescribed by this Ordinance shall not be construed to require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations as of the effective date of this Ordinance, or otherwise interfere with the continuance of nonconforming use. Nothing contained herein shall require any change in the construction, alteration, or intended use of any structure, the construction or alteration of which was begun prior to the effective date of this Ordinance, and is diligently prosecuted. Except as specifically provided in this section, it is not permissible for any person to engage in any activity that causes an increase in the extent of nonconformity of a nonconforming situation. Physical alteration of structures or the placement of new structures on open land is unlawful if they result in:

- a. An increase in the total amount of space devoted to a nonconforming use, or
- b. greater nonconformity with respect to height limitation.

**Nonconforming Uses Abandoned or Destroyed** - Whenever the **Administrator** determines that a nonconforming tree or structure has been abandoned or more than 80 percent torn down, physically deteriorated, or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations.

**Marking and Lighting** - Notwithstanding the preceding provision of this Ordinance, the owner of any existing nonconforming structure or tree is hereby required to permit the installation, operation, and maintenance thereon of such markers and lights as shall be deemed necessary by the **Administrator** to indicate to the operators of aircraft in the vicinity of the Airport the presence of such airport obstruction. Such markers and lights shall be installed, operated, and maintained at the expense of the **Airport Authority**

Notwithstanding any preceding provision of this Ordinance, if, by a determination of the NC Division of Aviation or Federal Aviation Administration, the encroachment of any structure or tree into regulated airspace is such that providing markers and lights is

Bertie County, North Carolina  
Tri-County Airport Height Restriction Ordinance

insufficient to protect the life and property of the flying public, the **Airport Authority** shall institute steps to have such structures or trees mitigated at the expense of the **Airport Authority**. If unsuccessful in obtaining the cooperation of the parties involved, **Bertie County** shall institute the appropriate legal action, as reasonably necessary, to insure the safety of the flying public in airspace regulated by this Ordinance.

**SECTION § 1.06 PERMITS**

N.C.G.S. §63-32 provides for the issuance of permits with respect to allowing the construction of new structures and other uses, and to replace existing structures and other uses, or making substantial changes therein or substantial repairs thereof. Permit applications shall be made to the **Administrator** upon a form published for that purpose.

**Permit Application** –Each application shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure or tree would conform to the regulations prescribed in this Ordinance, including any additional information requested by the **Administrator** as necessary to determine compliance with this Ordinance and the laws of the State of North Carolina and any applicable federal rules or regulations. A copy of the permit application shall be furnished to the **County Building Inspector** and **Airport Authority**, or to other designated agents, for advice as to the aeronautical effects of the said permit application.

**Permit Review** - Applications required by this Ordinance shall be promptly considered and granted or denied. Application for action by the Zoning Board of Adjustment shall be forthwith transmitted by the **Administrator, or a designated representative**

1. **Future Uses** - Except as specifically provided in (a) and (b) hereunder, no material change shall be made in the use of land, no structure shall be erected or otherwise established, and no tree shall be planted in any zone hereby created unless a permit therefore shall have been applied for and granted. Each application for a permit shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted.

No permit for a use inconsistent with the provisions of this Ordinance, as depicted on the Tri-County Airport Height Restriction Ordinance Map, shall be granted unless a variance has been approved in accordance with Section 1.07.

- a. In the area lying within the limits of the horizontal zone and conical zone, no permit shall be required for any tree or structure less than **50 feet** of vertical height above the ground, except when, because of terrain, land contour, or topographic features, such tree or structure would extend above the height limits prescribed for such zones.
- b. In the areas lying within the limits of the transition zones beyond the perimeter of the horizontal zone, no permit shall be required for any tree or structure less than

Bertie County, North Carolina  
Tri-County Airport Height Restriction Ordinance

**50 feet** of vertical height above the ground, except when such tree or structure, because of terrain, land contour, or topographic features, would extend above the height limits prescribed for such transition zones.

The preceding paragraphs (a) and (b) corresponds with permit areas (shaded yellow) identified on the Tri-County Airport Height Restriction Ordinance Map. Nothing contained in any of the foregoing exceptions shall be construed as permitting or intending to permit any construction, or alteration of any structure, or growth of any tree in excess of any of the height limits established by this Ordinance except as set forth in Section 1.03 and Section 1.04.

2. Existing Uses - No permit shall be granted that would allow the establishment or creation of an obstruction or permit a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of this Ordinance or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

**SECTION § 1.07 VARIANCES**

Any person desiring to erect or increase the height of any structure, or permit the growth of any tree, or use property, not in accordance with the regulations prescribed in this Ordinance, may apply to the **Administrator** for a variance from such regulations. The application for variance shall be accompanied by a determination from the NC Division of Aviation and/or Federal Aviation Administration as to the effect of the proposal on the operation of air navigation facilities and the safe, efficient use of navigable airspace. Such variances shall be allowed where it is duly found that a literal application or enforcement of the regulations will result in unnecessary hardship and relief granted will not be contrary to the public interest, will not create a hazard to air navigation, will do substantial justice, and will be in accordance with the spirit of this Ordinance.

1. Obstruction Marking and Lighting - Any permit or variance granted may, if such action is deemed advisable to effectuate the purpose of this Ordinance and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to install, operate, and maintain, at the owner's expense, such markings and lights as may be necessary. If deemed proper by the **Zoning Board of Adjustment**, this condition may be modified to require the owner to permit the **Airport Authority**, at its own expense, to install, operate, and maintain the necessary markings and lights.

**SECTION § 1.08 ENFORCEMENT**

It shall be the duty of the **Administrator** to administer and enforce the regulations prescribed herein. Applications for permits required by this Ordinance shall be promptly considered and granted or denied. Applications for variances may require up to **forty-five (45) days**. The ordinance may be enforced by any one or more of the remedies authorized by G.S. 153A-123.

**SECTION § 1.09 ZONING BOARD OF ADJUSTMENT**

Bertie County, North Carolina  
Tri-County Airport Height Restriction Ordinance

The **Zoning Board of Adjustment** shall have and exercise the following powers: (1) to hear and decide appeals from any order, requirement, decision, or determination made by the **Administrator** in the enforcement of this Ordinance; (2) to hear and decide special exceptions to the terms of this Ordinance upon which such **Zoning Board of Adjustment** under such regulations may be required to pass, and; (3) to hear and decide specific variances.

**SECTION § 1.10 APPEALS**

It shall be the duty of the **Zoning Board of Adjustment** to hear and decide appeals and review any orders, requirements, decisions or determinations made by the enforcement officer responsible for administration or enforcement of this Ordinance.

**SECTION § 1.11 JUDICIAL REVIEW**

Any person aggrieved or any taxpayer affected by any decision of the board of adjustment, or any office, department, board or bureau of the County, under this Ordinance, may petition the superior court for a review of such decision.

State law references: Judicial review, G.S. § 63-34.

**SECTION § 1.12 PENALTIES**

In accordance with North Carolina General Statutes § 63-35; each violation of this Ordinance or of any regulation, order, or ruling promulgated hereunder shall constitute a **Class 3 misdemeanor punishable by a fine of not more than one hundred dollars (\$100) or imprisonment for not more than thirty (30) days or both**; and each day a violation continues to exist shall constitute a separate offense.

State law references: Enforcement and remedies, G.S. § 63-35.

**SECTION § 1.13: CONFLICTING REGULATIONS**

Where this Ordinance imposes a greater or more stringent restriction upon the use of land than is imposed or required by any other ordinance or regulation of the County, the provisions of this Ordinance shall govern. Where there exists a conflict between any of the regulations or limitations prescribed in this Ordinance and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, and the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.

**SECTION § 1.14: SEVERABILITY**

If any of the provisions of this Ordinance or the application thereof to any person or circumstances are held invalid, such invalidity shall not affect other provisions or applications of the Ordinance which can be given effect without the invalid provision or application, and to this end, the provisions of this Ordinance are declared to be severable.

### Article VI, Section 2 of our Constitution provides:

“On all questions, including the election of officers, each county represented shall be entitled to one vote, which shall be the majority expression of the delegates of that county. The vote of any county in good standing may be cast by any one of its county commissioners who is present at the time the vote is taken; provided, if no commissioner be present, such vote may be cast by another county official, elected or appointed, who holds elective office or an appointed position in the county whose vote is being cast and who is formally designated by the board of county commissioners. These provisions shall likewise govern district meetings of the Association. A county in good standing is defined as one which has paid the current year's dues.”
