

Bertie County Wants to Hear from YOU!

An update to the Bertie County Park & Recreation Master Plan has been initiated through the leadership of the Bertie County Board of Commissioners and Bertie County Parks & Recreation. An important part of the plan your input!

Public meetings will be held throughout the county to gather your ideas for improvements and future development of parks and recreation in your community. Recent challenges make it even more important to get involved and help focus on the future and find ways to improve quality of life for Bertie County residents.

Mark your calendar and plan to participate in one of the meetings!
