# How it all started.....

- The Bertie County Recreation Department was established in October of 2001 and was the first recreational department for Bertie County. Soccer was the first sport to be brought to the county and has grown tremendously. We now offer t-ball, coach-pitch baseball, and soccer. During the summer the Parks and Recreation Department offers various summer trips. We operate and maintain the first ever recreational complex in Bertie County which consists of a baseball field, softball field, football field, soccer field, all-inclusive playground area, restroom and concession building, picnic shelter, maintenance building and parking area. Currently a staff of three operates the department.

## For the Seniors of Bertie County....

We offer an exercise program instructed by Denise Davis. Seniors can participate at either the Colerain or Windsor site. Seniors that are 60 and over are free and those that are 55 – 59 must pay a quarterly fee of \$35.00. There is also an exercise room, located at the Windsor site, which is free to seniors that are 55 and older. The exercise room consists of eleven various cardio machines.
